London Borough of Lewisham Validation Checklist: Householder Application for Planning Permission

The following tables set out what information **must** be submitted with your application to be made valid and what information may be required. If an application is submitted without meeting these requirements it will not be made valid and you will be informed that you have 21 days to provide the necessary information before it is withdrawn.

NB – The information requirements in the tables do not limit the Council's ability to request additional information in the event that it is found to be necessary during the application's determination period.

Duty Planner Service

The Council offers a duty planner service through which you can discuss your proposals, including validation requirements, with a planning officer and receive written advice prior to the submission of an application. Further details can be found on our website here.

Example submission

An example of a good quality submission for a single storey rear extension can be viewed on our website <u>here</u>.

National List of Requirements

No.	Validation Requirement	When is it required?	What is required?	Statutory Basis, Development Plan Policy, National Policy and/or Guidance
1.	Appropriate Fee	All applications	Payment must be made online at time of submission through the Planning Portal. In specific circumstances a fee exemption may apply, and this will be assessed in accordance with the regulations	The Town and Country Planning (Fees for Applications, Deemed Applications, Requests and Site Visits) (England) Regulations 2012 (as amended)
2.	Completed application form (including ownership certificate)	All applications	The form must be completed in full, signed and dated. The description of the development should be concise, clear and accurately reflect all aspects of the proposal requiring planning permission. In terms of ownership, please note that if (where relevant) the declaration on the application form is dated more than 21 days after the date on which notice was served on the owners, the application will be made invalid.	The Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)
3.	Site Location Plan	All applications	The site location plan must: • be at a scale of 1:1250 or 1:2500 (or larger if appropriate) • include a scale bar • show sufficient roads and buildings adjacent to the application site to identify it exactly • show the direction of North • show the boundaries of the application site edged in red (including sufficient land to carry out the development i.e. access, landscaping, visibility splays and parking) • show any other land within the applicant's control edged in blue	The Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)
4.	Relevant Plans and Drawings	All applications	Plans and drawings that are required: Block Plans: existing and proposed at 1:500 scale Floor Plans: existing and proposed, including roof plans, at 1:50 or 1:100 scale Elevations: existing and proposed at 1:50 or 1:100 scale Sections: showing finished floor and site levels at 1:50 or 1:100 scale Street elevations: showing proposal in relation to the existing streetscene at 1:50 or 1:100 Site sections: showing the proposal in relation to adjoining buildings where appropriate. Landscape plan: showing the treatment of all spaces within the site not covered by buildings Site survey with datum points and contours. All plans and drawings must: Include a scale bar showing a length of 1metre and 10 metres Show the direction north	The Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Fire Statement Where relevant (see flow chart below) Legislation requires that a Fire Statement is to be submitted with an application for planning permission where: "A building which satisfies the height condition in paragraph (3) and contains— (a) two or more dwellings; or (b) educational accommodation. (3) The height condition is that— (a) the building is 18 metres or more in height; or (b) the building contains 7 or more storeys." The Fire Statement in these circumstances must be provided using the Government's Fire Statement Form.	No).	Validation Requirement	When is it required?	What is required?	Statutory Basis, Development Plan Policy, National Policy and/or Guidance
	5.		Fire Statement	,	application for planning permission where: "A building which satisfies the height condition in paragraph (3) and contains— (a) two or more dwellings; or (b) educational accommodation. (3) The height condition is that— (a) the building is 18 metres or more in height; or (b) the building contains 7 or more storeys." The Fire Statement in these circumstances must be provided using the	ment Management Procedure) (England) Order 2015 (as amended)

No.	Validation Requirement	When is it required?	What is required?	Statutory Basis, Development Plan Policy, National Policy and/or Guidance basis
6.	Archaeological Assessment	Applications in Archaeological Priority Areas that propose new or extended basements. How do I find out if I am in an APA? Search for your property here: Local Plan Proposals Map Adopted July 2015" (carto- gold.co.uk) and click on Query Map to Search by Polygon Who can prepare an Archaeological Assessment for me? You can find out more about Desk Based Archaeological Assessments on the web- site of the Chartered Institute for Archaeologists, under "Standards and Guidance".	A desk based archaeological assessment is required at a minimum to understand the likelihood of the discovery or destruction of non-designated heritage assets of archeological interest. If there is any uncertainty as to the level of information required it is recommended the applicant liaises with the Greater London Archaeological Advisory Service (GLAAS) prior to the submission of an application. GLAAS are the Council's consultee on Archaeological Matters.	London Plan (March 2021) Policy HC1 Heritage Conservation and Growth NPPF paragraphs relating to heritage assets. Relevant NPPG on the historic environment GLAAS's website.
7.	Completed CIL form	All Applications	A completed CIL form must be provided at application stage with accurate floorspace calculations.	The Community Infrastructure Levy Regulations 2010 (as amended) The form available on the Planning Portal. The charging schedule and rate information available on the Council's website. Relevant NPPG on CIL
8.	Flood Risk Assessment Form	All proposals located in Flood Zone 2 or 3 or subject to Surface Water Flood Risk as designated by the Environment Agency. How do I find out if I am in Flood Zone 2 or 3 or am in an area subject to Surface Water Flood Risk? Search for your property using your postcode on 'Check the long term flood risk for an area in England'.	The Flood Risk Assessment should be provided on the standard environment agency form.	London Plan (March 2021) Policy SI 12 Flood risk management Relevant local Development Plan Policy. NPPF paragraphs relating to flood risk Relevant NPPG on Flood Risk (excluding thresholds for submission at planning application stage)

12.	Tree Survey (TS), Aboricultural Method Statement (AMS) and Arboricultural Impact Assessment (AIA and Tree Protection Plan (TPP)	All applications where trees have the potential to be impacted (see flow chart below)	The documents and plans ensure that trees are protected and any proposed tree loss appropriately mitigated. The tree survey is an appraisal of the pre-construction arboricultural situation that includes an assessment of tree quality. The arboricultural impact assessment (AIA) is required to quantify and suggest solutions to minimise the impacts to trees. It includes a tree retention/removal plan (finalized) If the impacts identified require tree protection or identify special working methods within the root protection area of retained trees, an arboricultural method statement (AMS) and tree protection plan to BS 5837:2012 are also required	London Plan (March 2021) Policy G1 Green infrastructure London Plan (March 2021) Policy G5 Urban greening London Plan (March 2021) Policy G7 Trees and woodlands Relevant local Development Plan Policy. NPPF paragraphs relating to trees Relevant British Standards relating to the Assessment and Statement required.

Guidance on writing the description of development - some examples below:

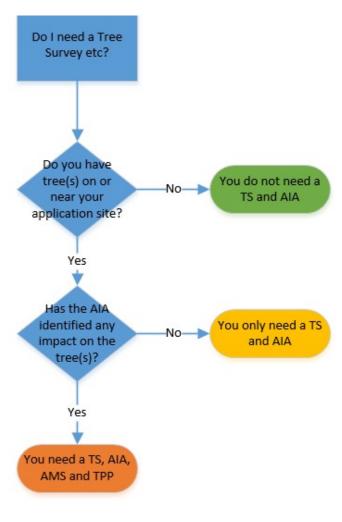

Typical examples as follows:

- Construction of a rear extension at [insert address and postcode]
- Construction of a rear roof extension at [insert address and postcode]
- Construction of an outbuilding to the rear of [insert address and postcode]
- Construction of a rear extension, rear roof extension and two rooflights to the front roofslope of [insert address and postcode]
- · Construction of a vehicular crossover at [insert address and postcode]
