If your business:

- » employs 10 or more people
- » produces waste of any kind
- » only has a general waste collection in place

You will need to **set up a dry mixed recycling collection and a food waste collection.**

General waste, dry mixed recycling and food waste collections **must be set up for your business by 31 March 2025[†]**

[†] Businesses with 10 or less employees are exempt until 31 March 2027.
