

Council tax 2022-2023

This booklet gives details of the council tax in Lewisham for the financial year April 2022 to March 2023.

Statement concerning adult social care funding

The Secretary of State made an offer to adult social care authorities. ("Adult social care authorities" are local authorities which have functions under Part 1 of the Care Act 2014, namely county councils in England, district councils for an area in England for which there is no county council, London borough councils, the Common Council of the City of London and the Council of the Isles of Scilly).

The offer was the option of an adult social care authority being able to charge an additional "precept" on its council tax without holding a referendum, to assist the authority in meeting its expenditure on adult social care from the financial year 2016-17. It was originally made in respect of the financial years up to and including 2019-20. If the Secretary of State chooses to renew this offer in respect of a particular financial year, this is subject to the approval of the House of Commons.

This year's council tax increase includes the maximum 1.99% uplift in the general council tax element and a further 1% rise in the ring-fenced adult social care precept.

About the council tax

The rate of council tax you pay depends on which valuation band your home is placed in. The banding of domestic properties is set by the Valuation Office, and is based on the open market value as at 1 April 1991. If you think your home is in the wrong band you have six months from the date you become liable in which to appeal. You can find out more about when you can challenge your band and what you need to do at gov.uk/challenge-council-tax-band. If you challenge your band, you must continue to pay at your current band until your appeal is decided.

You can contact the VOA at gov.uk/contact-voa. If you are unable to use the online service you can also contact the VOA on 03000 501 501.

Who is liable?

There is one council tax bill for each dwelling, whether it is a house, bungalow, flat, maisonette etc. and whether it is owned or rented. If only one person lives in a dwelling they will be the liable person. Where two or more people live in a dwelling a hierarchy of liability is used to work out who is liable. The person highest on the list will be responsible for paying the council tax bill as follows:

- a resident owner-occupier who owns either the leasehold or freehold of all or part of the property
- a resident statutory or secure tenant
- a resident licensee
- a resident
- an owner where no-one is resident.

A resident is anyone aged 18 years or over who lives in the dwelling as their only or main home. Whether a property is treated as your main home depends on a number of factors, such as how much time you spend there and whether it is your family home. You cannot have more than one main home for council tax purposes.

Two or more people can be jointly liable for council tax in respect of the same dwelling, and they are each jointly and severally liable to pay the full council tax charge. This situation will apply to:

- persons with the same legal interest in the dwelling (e.g. they are joint tenants or joint owners.)
- residents who are married, live together as a couple or who are civil partners

In some cases the owner, not the resident, is liable to pay the council tax for the following types of property:

- residential care homes, nursing homes or hostels
- houses of multiple occupation
- properties inhabited by religious communities
- properties occupied by resident staff
- properties used by ministers of religion from which they perform their duties.

Reductions to your council tax

If you live on your own, you can apply for a 25% discount off your council tax bill. Even if you share your home, you may still be entitled to a discount of 25%, 50% or 100% if you, or those you share with, are not counted towards paying council tax. These people are known as being disregarded and include:

- full time students
- student nurses
- apprentices
- anyone who is 18 or 19 and still at school or is in full time further education
- anyone with a severe mental illness (SMI)
- carers
- anyone who is 25 or under who has previously been looked after by a council **(from 1st April 2018)**.
- prisoners
- anyone who is in a residential care home or nursing home
- members of religious communities
- members of visiting forces
- anyone who is in a hostel or shelter
- diplomats, members of international headquarter, etc.
- foreign language assistants.

You will need proof of your status: for example a student certificate, a doctor's certificate, or a letter from your prison etc.

Empty properties

The Council has a duty to reduce the number of properties left unoccupied and encourage owners to bring housing stock back into use. Please refer to the next section for more details.

If you own a property, which is not anyone's sole or main residence and is furnished, for example a landlord between tenants, you are no longer entitled to any reduction. Prior to 1 April 2013 you may have been entitled to a 10% discount. The same applies if you own a second or holiday-home; you are no longer entitled to any reduction in your council tax from 1 April 2013.

If your property is empty and unfurnished, you may qualify for a discount or exemption.

How do I know if my property is exempt from council tax?

Some properties are exempt because they are empty, or because they are occupied only by people who are disregarded. The maximum amount of time for which a property can be made exempt depends on the reason for the exemption. The exemption classes are:

Class A - an unoccupied property requiring or undergoing major structural repair to make it habitable. **Following a change in legislation on 1 April 2013, there is no longer any period of exemption available.** Prior to this date an exemption lasting a maximum of 12 months was available. Any property previously in receipt of a Class A exemption will have to pay the full council tax charge irrespective of whether the property remains uninhabitable.

If your property is undergoing major structural work and is unfit for habitation you may apply to the Valuation Office to have your property taken out of rating. You can contact the VOA at gov.uk/contact-voa. If you are unable to use the online service you can contact the VOA by phone on 03000 501 501. You must continue to pay the council tax charge pending the outcome of any such application.

Class B - an unfurnished property owned by a charity for a period of six months since it was last occupied (as long as the property was last occupied by members of the charity). After the six months have expired no further discount is available.

Class C - Prior to 1 April 2013 a Class C exemption lasting a maximum of six months was available. Following a change in legislation if a property is empty and substantially unfurnished, a 100% discount lasts a maximum of four weeks only. No further reduction is applicable after this period.

Properties which are left empty and substantially unfurnished for a period of two years or more will attract a long-term empty premium of 100%.

If a property has already been empty for 5 years or more you will pay a 200% premium.

If a property has already been empty for 10 years or more you will pay a 300% premium.

The empty homes premium is based upon the property, and not property ownership. A change of ownership will have no impact on the premium, you will be responsible for the premium from the date of purchase. The additional charge can only be removed by bringing a property back into use.

If the premium affects you we will send you a Council Tax bill.

Class D- a property that is empty because the previous occupant is in prison or has been detained under the Mental Health Act. The exemption lasts for as long as the person is detained.

Class E - a property that is empty because the previous occupant has now moved permanently to either a hospital, a residential care home or a nursing home.

Class F - a property that is empty because the sole occupier has died. If probate is required the exemption will last until probate or letters of administration are granted and, for a further six months after that date. If probate is not required, the exemption will last for six months from the date of death. Once the initial exemption expires, a further 100% discount for a maximum of 4 weeks may be granted if the property remains unfurnished. If the property is furnished no further reduction can be awarded.

Class G - a property that is empty because occupation is prohibited by the law. This exemption lasts for as long as occupation is prohibited. As of 1 April 2007, this exemption also applies if a planning condition prevents occupancy.

Class H- a property that is empty awaiting occupation by ministers of religion. This exemption lasts for as long as the property remains empty.

Class I - a property that has been left empty because the resident is living elsewhere in order to receive personal care (but not in a hospital, nursing home etc). This exemption lasts for as long as the property remains empty.

Class J - a property that has been left empty because the resident is living elsewhere in order to provide personal care. This exemption lasts for as long as the property remains empty.

Class K - a property that has been left empty because the resident(s) are living elsewhere as full time students. This exemption lasts for as long as the property remains empty.

Class L - an empty property that has been repossessed by a mortgagee such as a bank or building society. The exemption lasts until the property is sold.

Class M - properties that are university or college halls of residence or hostels owned by charitable bodies used solely for student accommodation. This exemption is indefinite.

Class N - a property that is occupied only by full-time students as their term-time address. This exemption lasts as long as all the occupants remain full-time students.

Class O- barracks, messes and married quarters used by the armed forces. This exemption is indefinite and is granted whether this property is occupied or not.

Class P - a property occupied by members of visiting forces. This exemption is indefinite.

Class Q - an empty property where the liable person is a trustee in bankruptcy. This exemption is indefinite.

Class R - a pitch not occupied by a caravan or a mooring not occupied by a boat. This exemption is indefinite.

Class S - a property occupied solely by a person or persons aged under 18. This exemption lasts until the occupant becomes 18. As people under the age of 18 can't be held liable for council tax, the owner, landlord or guardian will be made liable but given the exemption.

Class T - unoccupied annexes which cannot be occupied without a breach of planning control. This exemption is indefinite.

Class U - a property occupied only by the severely mentally impaired. This exemption remains as long as all of the occupants are severely mentally impaired.

Class V - the main residence of a diplomat or persons working for certain international organisations. This exemption is indefinite.

Class W - an annex occupied by a dependant relative who is aged 65 or over or who is severely disabled. This exemption is indefinite.

From 1 April 2014, annexes occupied by relatives aged under 65 or those who aren't severely disabled may qualify for a 50% discount.

Discounts and exemptions must be applied for in writing, either by applying online at www.lewisham.gov.uk/my services/counciltax/reductions by completing an application form or by letter. You will need to supply proof of any qualifying benefits. Please contact us for further information.

People with disabilities

If your property has been adapted or has special facilities because someone who lives there is physically disabled, you may qualify to be charged at a lower valuation band. To qualify for a lower tax band you must have:

- added an extra bathroom or kitchen for the disabled person to use or
- adapted the property to allow enough room for a wheelchair to be used inside at all times
- a room that is mainly used to meet the needs of the disabled person.

The band reduction will only remain in place for as long as the disabled person occupies the property as their main residence. Please contact us for further information.

Changes in your circumstances

You must notify us immediately if you move; if there is a change to the number of people living in your property or if your entitlement to a reduction changes. Failing to inform us promptly of a change in your circumstances could result in you having to repay a large debt if you have been paying the wrong amount of council tax. You can be prosecuted for knowingly claiming a reduction to which you are not entitled.

Liability appeals

If you think you are not liable for council tax, or have been refused a discount or exemption to which you think you are entitled, you have the right of appeal. You should write in the first instance to the London Borough of Lewisham, Council Tax, PO Box 58993, London SE6 9GZ. If you are unable to resolve your dispute directly with the council you can contact the Valuation Tribunal Service (VTS) at appeals@valuationtribunal.gov.uk. If you are unable to use the online service you can contact the VTS on 0303 445 8100. You must continue to pay the council tax charge pending the outcome of any appeal.

Council tax reduction scheme

On 1 April 2013 the Government replaced council tax benefit with a local council tax reduction scheme for people on low income.

If you are of working age you will no longer get all your council tax paid, regardless of your circumstances. This is because the Government has reduced the grant it gives the Council. Pensioners will not be affected by these changes.

Greater London Authority

Introduction

The Mayor of London's budget for the 2022-23 financial year sets out his priorities to support London's recovery from the COVID-19 pandemic and to tackle the huge social, health and economic inequalities which it has exposed and exacerbated, and which have become even more apparent as a result of the current cost of living crisis. It supports job creation and London's business community, our city's future growth and economic success and the Mayor's vision to rebuild London as a greener, cleaner and safer city with stronger and more cohesive communities.

This year's budget will provide resources to improve the key public services Londoners need. This includes delivering more genuinely affordable homes, securing funding to seek to maintain the capital's transport infrastructure and tackling toxic air pollution and the climate emergency. The budget also provides resources to support jobs and growth, fund skills and retraining programmes, help rough sleepers, invest in youth services and make London a fairer and cleaner place to live. Moreover, it prioritises resources for the Metropolitan Police and London Fire Brigade to keep Londoners safe, including violence reduction initiatives and ongoing support to improve opportunities for young Londoners. In light of the significant reductions in fares revenue and property tax income due to the pandemic, difficult decisions have been unavoidable. However, this budget remains focused on delivering a swift and sustainable recovery from the pandemic, as well as building the better, brighter, fairer future all Londoners want and deserve.

Council tax for GLA services

The GLA's share of the council tax for a typical Band D property has been increased by £31.93 (or 61p per week) to £395.59. The additional income from this increase in council tax will fund the Metropolitan Police and the London Fire Brigade, and will also go towards ensuring existing public transport services in London can be maintained, meeting requirements set by the government in COVID-19 funding agreements. Council taxpayers in the City of London, which has its own police force, will pay £118.46.

Controlling costs at City Hall and delivering the Mayor's key priorities

The Mayor's budget includes significant savings across the GLA Group in 2022-23, including £61m over five years through relocating City Hall from Tower Bridge to the Royal Docks. This has allowed him to release resources to help meet his key priorities. His budget includes plans to invest £4.9 billion to enable 116,000 affordable home starts within London by 2023 and an additional 35,000 by 2026, as well as allocating resources to tackle homelessness and reduce rough sleeping. He has already taken steps to improve air quality in London by introducing the Ultra Low Emission Zone in central London, which was expanded to the North and South Circular roads in autumn 2021. He has continued to roll out his Green New Deal for London to address the climate emergency, with the objective of helping to create jobs and to double the size of the capital's green economy by 2030. This work is being supported in 2022-23 by the creation of a new £90 million Climate Emergency fund.

The Mayor will continue to ask the government to provide the maximum possible ongoing financial support to London businesses and Londoners as the capital emerges from the very severe impact of the COVID-19 pandemic. He will also maintain investment in skills and retraining to help tackle unemployment and support Londoners to secure better paid jobs, as well as supporting the advice sector to help Londoners impacted by the cost of living crisis.

The Mayor will also work with London's business community, key investors and other stakeholders to support the economic recovery and ensure that London's interests are protected following the UK's departure from the European Union. He will provide funding for new projects to bring communities together, tackle social inequality and boost London's economy, including supporting projects to help small and medium sized businesses.

The Mayor's Office for Policing and Crime (MOPAC)

The Mayor published his draft Police and Crime Plan for 2021-25 in November 2021. This sets out the Mayor's commitment to ensure London's police service has the resources it needs to put more officers on the streets to suppress violence, including violence against women and girls, and to respond to the demands and pressures of policing a capital city. The plan also outlines the action the Mayor is taking to continue to hold the Metropolitan Police Service (MPS) to account, ensuring all Londoners have trust and confidence in their police force.

His key priorities include improving the MPS, providing a better criminal justice service in London and keeping children and young people safe. He will also provide resources to tackle domestic violence, which particularly affects women, and is increasing investment in violence reduction initiatives.

The Mayor published his Action Plan in November 2020 to improve trust and confidence in the MPS and to address community concerns about disproportionality in the use of certain police powers affecting Black Londoners. The Mayor has committed, as part of the Action Plan, to invest extra resources to develop greater community involvement in police officer training and in the recruitment and progression of Black officers in the MPS.

The MPS must rise to meet these challenges at a time of acute financial pressure. As a result of the net reduction in resources from the Home Office for policing between 2010 and 2019, the MPS had to close more than 100 police stations and remove over 3,300 Police Community Support Officers and 4,500 police staff in order to minimise reductions to front line officer numbers.

The Mayor is raising the police element of his council tax precept by £10 for a typical Band D property, as assumed in government calculations of police spending power. In all, through his decisions in this and previous budgets, the Mayor has funded an additional 1,300 police officer posts from locally raised revenues.

Transport for London (TfL)

TfL has faced significant financial challenges as a result of the reduced levels of ridership due to the pandemic since March 2020, which has led to a large fall in fare revenues. The Mayor continues to work with the government to secure a sustainable long-term funding settlement for TfL to allow him to continue investment in the transport network while making it more reliable and accessible. The Mayor's priorities for TfL, subject to funding constraints, include:

- working with London boroughs to maintain existing concessionary travel and assisted door to door transport schemes. This includes, for example,

maintaining free bus and tram travel for under 18s as well as free off-peak travel across the network for older Londoners, the disabled, armed forces personnel in uniform and eligible armed services veterans and protecting the Taxicard and Dial a Ride schemes

- opening the central London section of the Elizabeth line (the operational name for Crossrail) in the first half of 2022, followed by the full line opening with through services as soon as possible to increase central London's rail capacity by ten per cent. This follows on from the opening of the Northern line extension to Nine Elms and Battersea Power Station in September 2021
- rolling out new trains on the Piccadilly line, with the first new trains serving customers from 2025
- enhancing capacity on the London Underground and rail services, and upgrading key stations such as Bank/Monument station
- making public transport more accessible for everyone. All Elizabeth line stations once the line opens in full will also be step free
- extending the London Overground on the Gospel Oak to Barking Line to serve Barking Riverside (due to open in autumn 2022) and expanding capacity on the DLR network
- maintaining the Bus and Tram one-hour Hopper fare and investing to sustain existing journey times and reliability on the bus network
- continuing the electrification of London Buses so that all are emission free by 2037 at the latest
- tackling London's toxic air quality following on from the extension of the Ultra Low Emission Zone in central London to the North and South Circular roads in autumn 2021
- investing in schemes designed to make walking, cycling and public transport safer, cleaner and more appealing in partnership with London boroughs.

London Fire Commissioner (LFC)

The Mayor's funding ensures that the London Fire Brigade's (LFB) first and second fire engines attending an emergency incident arrive within 10 minutes on at least 90 per cent of occasions and 12 minutes on at least 95 per cent of occasions respectively, after being dispatched. The Mayor is also providing resources to roll out a transformation programme so that the LFB can implement the recommendations of the Grenfell fire inquiry. This includes investing in the new vehicles and equipment required.

London Legacy Development Corporation (LLDC)

The LLDC was set up to ensure that the city benefits from a long-term legacy from the London 2012 Olympic and Paralympic Games. The Mayor's 2022-23 budget provides funding to progress the construction of East Bank, one of the world's largest and most ambitious cultural and education districts, in Queen Elizabeth Olympic Park. It will bring an additional 1.5 million visitors to the park and surrounding area each year, and more than 2,500 jobs will be created generating an estimated £1.5 billion for the local economy.

Old Oak and Park Royal Development Corporation (OPDC)

The OPDC has been established to support the creation of 65,000 new jobs and at least 24,000 new homes in west London over the next 20 years. It will build on the regeneration benefits which High Speed 2 (HS2), the Elizabeth line and the Great Western Mainline stations at Old Oak Common are expected to bring locally.

Detailed budget by service area

The table below compares the GLA Group's planned expenditure on policing, fire and other services (including transport) in 2022-23 with 2021-22. LLDC and OPDC are not funded from council tax.

The GLA's planned gross expenditure is lower this year. This overall reduction is mainly due to the need to repay deficits in council tax and business rates income due to the impact of the pandemic albeit the Mayor has increased his proposed spending on services including policing. Overall the council tax requirement has increased because of the extra resources for the Metropolitan Police and the London Fire Brigade and to secure funding to maintain existing transport services including buses and the Tube network. There has been a 1.7 per cent increase in London's residential property taxbase. Find out more about our [budget](#).

Environment agency south east region

The Environment Agency is a levying body for its Flood and Coastal Erosion Risk Management Functions under the Flood and Water Management Act 2010 and the Environment Agency (Levies) (England and Wales) Regulations 2011. The Environment Agency has powers in respect of flood and coastal erosion risk management for 5200 kilometres of main river and along tidal and sea defences in the area of the Thames Regional Flood and Coastal Committee. Money is spent on the construction of new flood defence schemes, the maintenance of the river system and existing flood defences together with the operation of a flood warning system and management of the risk of coastal erosion. The financial details are:

	2021/2022 (£000s)	2022/2023 (£000s)
Gross expenditure	116,470	148,034
Levies raised	12,042	12,282
Total council tax base	5,127	5,214

The majority of funding for flood defence comes directly from the Department for the Environment, Food and Rural Affairs (Defra). However, under the new Partnership

Funding rule not all schemes will attract full central funding. To provide local funding for local priorities and contributions for partnership funding the Regional Flood and Coastal Committees recommend through the Environment Agency a local levy. A change in the gross budgeted expenditure between years reflects the programme of works for both capital and revenue needed by the Regional Flood and Coastal Committee to which you contribute. The total Local Levy raised by this committee has increased by 1.99%

The total Local Levy raised has increased from £12,042,289 in 2021/2022 to £12,281,930 for 2022/2023.
