1. Introduction

This document serves as a record of the consultation undertaken by the London Borough of Lewisham in preparing the Lewisham Core Strategy Development Plan Document (DPD). The Core Strategy is the key document of the Lewisham Local Development Framework or LDF and once adopted it will in part replace the Unitary Development Plan (UDP).

Under the provision of The Planning and Compulsory Purchase Act 2004, the process for preparing planning documents for inclusion into the LDF ¹ has a strong focus on consultation and engagement with the community. This consultation statement serves as a summary of the key consultation stages in the preparation of the Lewisham Core Strategy.

The consultation statement demonstrates how the Council has complied with the requirements of its Statement of Community Involvement ² and The Town and Country Planning (Local Development) (England) Regulations 2004 and the 2008 amendments to those Regulations.

The consultation statement has been prepared alongside the Core Strategy Publication Version (also known as the pre-submission version) and sets out the following:

- which bodies and persons were invited to make representations under Regulation 25 (and regulation 26 under the 2004 Regulations)
- how those bodies and persons were invited to make such representations
- a summary of the main issues raised by those representations and
- how the issues have been addressed in the Development Plan Document.

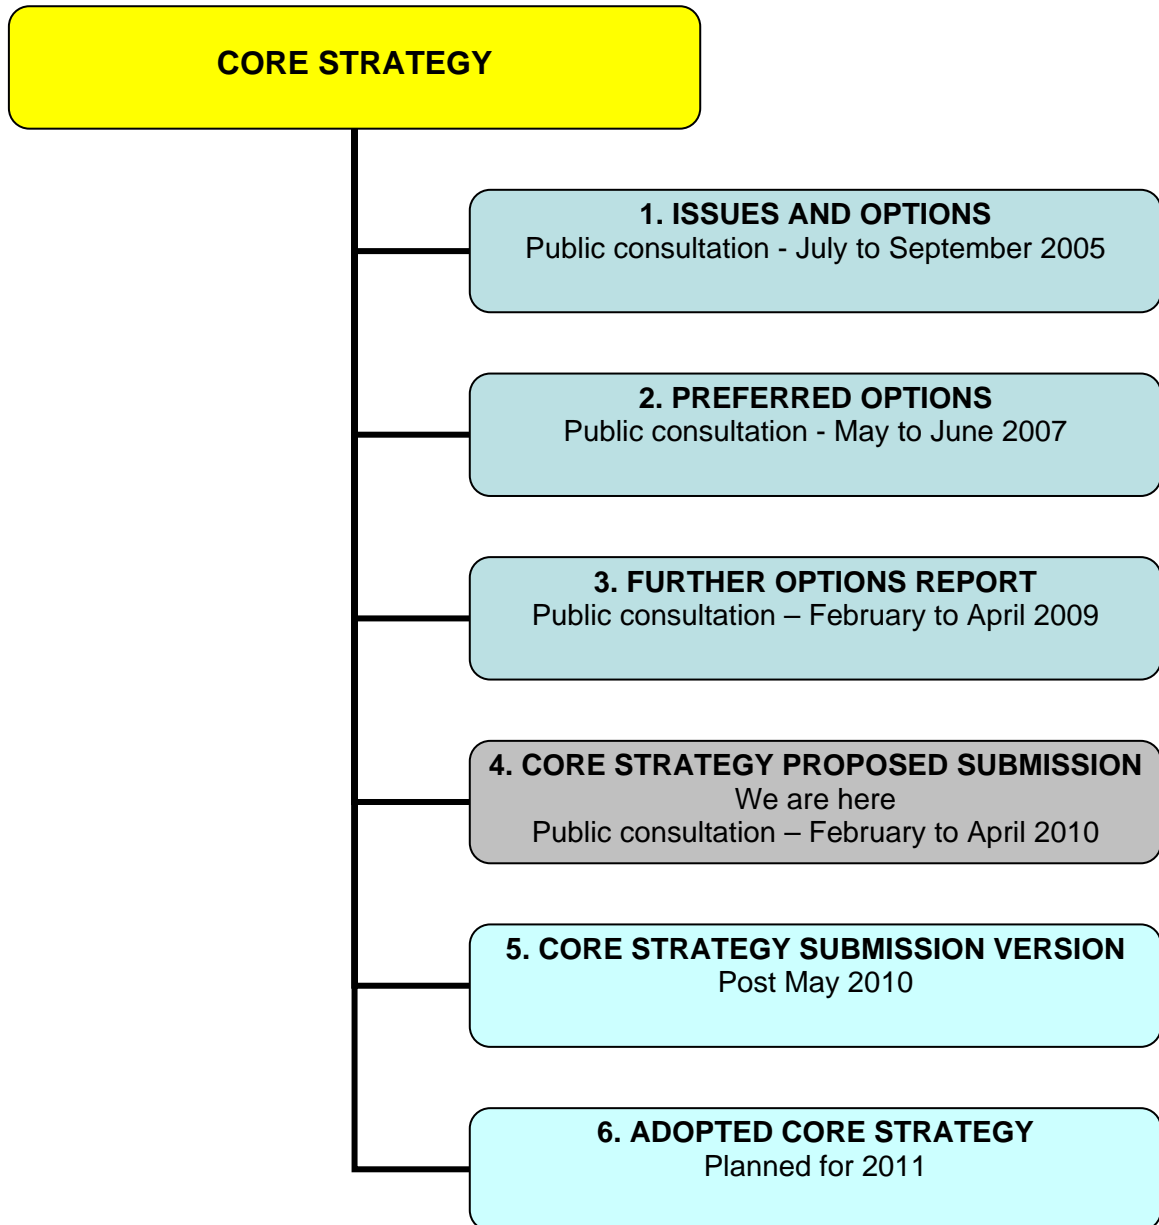

Full details of all comments received during each consultation stage are to be found on the Planning Policy pages of the Council's website or can be obtained from the Planning Service. The web link is provided below.

<http://www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LDF/Consultation/>

¹ These documents are known as local development documents or LDDs

² Adopted by the Council in July 2006

A summary of the key stages in preparing and consulting on the Lewisham Core Strategy is provided below.

2. Pre-production consultation

2.1 Consultation process

The first stage of consultation involved introducing the community and other stakeholders to the LDF and the Core Strategy, and preparing a Sustainability Appraisal Scoping Report.

In order to encourage input at this early stage of preparation, the Council prepared an information brochure titled 'A Guide to the New Planning System' - Introducing Lewisham's Local Development Framework'. This provided a general introduction to the new planning framework and the explained the terminology that would be used.

The information brochure was sent to all individuals and organisations on the planning consultation database ³ on 16th May 2005 ⁴. Comments were to be received by 20th June 2005.

The Council also prepared a consultation newsletter called 'Lewisham's Local Development Framework: Consultation on the Spatial Vision, Objectives and Issues'. This summarised the vision, objectives and issues relevant for Lewisham as it applied to preparing a Core Strategy. The content was identified by the preparation of what is termed a Sustainability Appraisal Scoping Report, which systematically examined all the legislation and policy documentation affecting Lewisham.

The consultation newsletter was sent to all individuals and organisations on the planning consultation database on 16th May 2005 ⁵. Comments were to be received by 20th June 2005. Copies of the information brochure and the consultation newsletter were distributed to all the borough libraries and were available at the Planning Information Desk.

2.2 Sustainability Scoping Report statutory consultation

The Sustainability Scoping Report is the first statutory stage of preparing a planning document when it is to be included in the Local Development Framework (LDF). The requirement to prepare a Scoping Report is contained in the following:

- European Directive 2001/42/EC on the 'assessment of the effects of certain plans and programmes on the environment' and the Environmental Assessment of Plans and Programmes Regulations 2004
- Planning Policy Statement 12 – Local Spatial Planning and
- Sustainability Appraisal of Regional Spatial Strategies and Local Development Documents (November 2005).

On 16th May 2005 the Council sent by post the 'Scoping Report for the Core Strategy, Development Policies and Site Allocations Development Plan Documents' to the following authorities with environmental responsibilities:

- The Countryside Agency
- The Environment Agency

³ See Appendix 1 for a full list of the consultation bodies

⁴ See Appendix 2

⁵ See Appendix 2

- English Heritage and
- English Nature.

The requirements for this consultation is contained in The Environmental Assessment of Plans and Programmes Regulations 2004 and are reiterated in Sustainability Appraisal of Regional Spatial Strategies and Local Development Documents (November 2005). Comments were to be received by 20th June 2005.

A copy of the covering letter sent dated 16th May 2005 is contained in Appendix 2.

A copy of the Sustainability Scoping Report was available at all the borough libraries and the Planning Information Desk.

2.3 Response to consultation

Two formal responses from the Environment Agency and the Greater London Authority were received in relation to the Scoping Report consultation.

The Environment Agency commented that:

- the Vision should include references to biodiversity enhancement
- the Strategy should aim to achieve environmental protection and enhancements as well as economic and social improvements
- the Core Strategy objectives should ensure that flood risk assessment and managements should be applied on a catchment wide basis for the full range of flood mechanisms
- the baseline sections should establish a clear picture of the presence, function of biodiversity
- consider biodiversity issues on all sites in the borough
- SUDS should be identified as an environmental issue and
- a number of biodiversity indicators should be included.

The Greater London Authority (GLA) welcomed the early consultation on the documents and supported the overall policy thrust of the evolving LDF. There were some concerns raised in relation to the need for more detail and emphasis to reflect London Plan policy and inclusion of references to strategic designations within the borough. The vision needed to acknowledge Lewisham's location within the Thames Gateway growth area and refer to the London Plan designations for areas such as the Deptford Creek/Greenwich Riverside Opportunity Area. The GLA also commented that the work on the Green Grid should be referred to and the renewable energy and energy efficiency sections should be strengthened.

There were 42 responses from the community responding to the information brochure and consultation newsletter. Responses generally related to the need for continued community involvement in planning policy, planning applications and the preparation of master plans. A question was raised as to whether town centres were appropriate locations for higher density residential development.

2.4 Consultation outcomes and reporting back

The responses were welcomed. The statutory responses were taken on board and informed the preparation of the Core Strategy and the accompanying Sustainability Appraisal. The community responses were feed into the preparation of the Statement of Community Involvement and informed the preparation of the Core Strategy and the accompanying Sustainability Appraisal.

3. Issues and Options consultation (Regulation 25)

This section details the consultation undertaken for the Issues and Options stage and the community response to the consultation.

Regulation 25 required authorities to ensure development plan documents (DPD) are genuinely front-loaded by informally involving communities in the development of issues and alternative options that can be assessed prior to inclusion in a DPD such as the Core Strategy.

3.1 Consultation process

The Council undertook an extensive public consultation programme based around Issues and Options papers which summarised the key issues, questions and choices thought relevant to the preparation of a new planning framework for the borough and included a detailed questionnaire. Planning 'focus' meetings were also arranged, specifically targeting active community groups and hard to reach groups as listed below.

A total of 1,700 individuals, groups, associations and government agencies and 'specific consultation bodies' were consulted during the process. The contact list was taken from the planning consultation database, which has been compiled over a number of years, and continuously amended and updated.

ACTION	WHEN
Issues and Options Papers were published covering eleven topics and also included issues relevant to Development Control policies. The Council consulted on these topic papers in four stages.	July – November 2005
Part 1: Housing Urban Design and Conservation Sustainable Environment Waste Management	25 th July to 12 th September 2005
Part 2: Open Space and Biodiversity Employment Transport	2 th September to 24 th October 2005
Part 3: Retail and Town Centres Site Allocations	10 th October to 21 st November 2005
Part 4 Community Facilities, Health and Education	26 th October to 30 th November 2005
The Issues and Options papers were made available for public viewing at the borough's libraries and the Planning Information Office throughout the public consultation period for each paper as indicated.	
Two newsletters were produced providing the public with a summary and update on the Issues and Options consultation (see Appendix 8), which were sent to all addresses on the planning consultation database.	

ACTION	WHEN
The Issues and Options papers were posted on the Council's website for the relevant consultation periods and are still available for viewing.	
Meetings to which local groups were invited were held as follows:	
Deptford Business Forum	23 August 2005
FOCAS (Conservation and Amenity Societies)	17 October 2005
Faith Groups	16 November 2005
Older People	21 October 2005
Black and Minority Ethnic Groups	21 October 2005
Council Officers also attended a meeting of the Lewisham Disability Coalition	12 th December 2005

A list of the specific consultation bodies that were consulted as required by the Regulations is provided in Appendix 1. A list of all the general consultation groups consulted is also provided in Appendix 1. Copies of relevant consultation letters are included in Appendix 3.

Letters were also sent to addresses within the Employment Areas of the borough, informing occupiers of business and industrial premises that the future use of these areas for such uses were under review and advising where to view the Employment Land and Site Allocations Issues and Options papers.

A web link to the Issues and Options papers is provided below.

<http://www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LDF/Consultation/StageOne/>

3.2 Response to consultation

The Council received a total of 521 written responses during the public consultation process. This consultation process also included issues relating to the preparation of the Development Policies and Site Allocations Development Plan Documents. However, only those issues and responses that are deemed relevant to the preparation of the Core Strategy are summarised below.

Two forms of response were received. A number of planning consultants responded by letter. The majority of responses were made on the standard questionnaires issued with the consultation letters and the Issues and Options papers.

Full reports of the Issues and Options consultation responses and how they were dealt with in following versions of the Core Strategy are to be found on the Council's website. A web link is provided below.

<http://www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LDF/Consultation/>

3.2.1 Part 1: Housing, Urban Design and Conservation, Sustainable Environment and Waste Management Issues and Options papers

A total of 66 Responses were received in total to this set of Issues and Options papers. The significant issues raised in this consultation are summarised in the table below.

Housing
<p>Housing targets and supply</p> <ul style="list-style-type: none"> • There was support for exceeding London Plan targets for housing provision from planning consultants. • Responses from the community were fairly evenly split between meeting London Plan targets or exceeding them.
<p>Housing mix</p> <ul style="list-style-type: none"> • Planning consultants were in favour of leaving housing mix on smaller sites to the discretion of the developers with general criteria in place for larger sites to ensure viable and mixed communities. They were generally not in favour of a prescriptive approach. • Most other responses were in favour of a case by case decision making process in terms of achieving mixed and balanced communities.
<p>Affordable housing</p> <ul style="list-style-type: none"> • Planning consultants were in favour of a flexible approach to affordable housing rather than hard targets for the proportions of socially rented and intermediate housing, and that it should not stifle development for reasons of viability. The amount sought should also be chosen having regard to the availability of public subsidy and the need to provide significant contributions to transport improvements and other infrastructure also remediation and regeneration costs. • Responses from the community were largely in favour of setting a preferred housing mix for affordable housing and for larger developments. • A majority were in favour of retaining a site threshold of more than 15 dwellings as a qualification for needing to supply affordable housing.
<p>Housing demand and need for associated supporting infrastructure and health provision</p> <ul style="list-style-type: none"> • The National Health Service considered that the Housing Issues and Options paper was framed too narrowly and should have discussed the facilities needed to support new housing, and the need for key worker housing for health service employees.
<p>Cumulative effects of housing development on infrastructure</p> <ul style="list-style-type: none"> • It was considered that these should be dealt with in more detail.
<p>Comments from the Greater London Authority</p> <ul style="list-style-type: none"> • These comments ranged over a wide variety of housing issues but generally referred to the need for housing policies to be consistent with and in conformity with the London Plan.
Urban design and conservation
<p>Density and tall buildings</p> <ul style="list-style-type: none"> • Planning consultants generally supported an increase in the density of new development, and that tall buildings should be permitted in all areas of the borough as a result, subject to high quality design and protection of amenity. • Other comments received via questionnaires were in favour of tall buildings in Lewisham provided they were well located, and also largely supported tall buildings for Catford and Lewisham Town Centres.

<ul style="list-style-type: none"> • Other comments received on questionnaires were evenly split between those in favour of high density in appropriate contexts and those who were not in favour. • Also that good design can stimulate investment and have a positive effect on crime prevention. • The NHS supported higher density development in highly accessible areas to allow good location of health and community facilities. • The GLA commented that the issues as expressed in the paper were not in conformity with the London Plan.
<p>Sustainable environment</p> <ul style="list-style-type: none"> • The National Health Service considered that the treatment of this topic in the paper was too limited and needed to look at the links between the environment and health risks. • The Greater London Authority made very detailed comments in relation to the best approaches to achieving sustainable development, pointed out omissions, and comments whether the issues were in conformity with the London Plan. • The Environment Agency welcomed the Issues presented and made detailed comments in particular that consideration of flood issues should not be confined to river and coastal flood plains • Questionnaire responses strongly supported options to improve energy efficiency and increase use of renewable energy. Although planning consultants responding by letter thought that smaller residential developments should be excluded from many of these requirements.
<p>Waste</p> <ul style="list-style-type: none"> • The GLA commented on the options in terms of their conformity with the London Plan.

3.2.2 Part 2: Open Space and Biodiversity, Employment and Transport Issues and Options papers

A total of 74 responses were received in relation to this set of Issues Papers. The significant issues raised in this consultation are summarised in the table below.

<p>Open space</p> <ul style="list-style-type: none"> • There was strong support for the protection and enhancement of open space and biodiversity. Most respondents were in favour of increasing the proportion of open space relative to the population.
<p>Employment land</p> <ul style="list-style-type: none"> • Responses to the option to retain or redefine the land allocated as Strategic Industrial Locations were evenly split between a need to recognised that some sites has outlived their usefulness, and the need to retain land for strategic purposes. • Most responses in relation to locally significant employment land were in favour of making an individual judgment on retention based on the quality of the site. • The majority of respondents considered that mixed use on former employment sites was preferable to use of the sites for 100% housing.
<p>Transport and parking</p> <ul style="list-style-type: none"> • The majority of respondents were in favour of high density development only where there was good public transport. Green travel plans and requirements for travel

- impact statements were popular.
- The safeguarding of public transport facilities and the promotion of public transport improvements was virtually unanimously supported.

3.2.3 Part 3: Retail and Town Centres and Site Allocations Issues and Options Papers

A total of 349 responses were received in relation to this set of issues and options papers. Most of these responses were received in relation to the Site Allocations paper and are therefore not relevant to the Core Strategy as they would be included in a future Site Allocations Development Plan Document.

A total of 24 responses were received in relation to retail and town centres. The significant issues raised in this consultation are summarised in the table below.

Lewisham and Catford Town Centres
<ul style="list-style-type: none"> • Most responses were in favour in achieving Metropolitan Town Centre status for Lewisham Town Centre. • Responses to the proposed regeneration of Catford Town Centre were split between those who thought its current status should be maintained and enhanced and those who thought it should be regenerated.
District Town Centres
<ul style="list-style-type: none"> • Options that promoted good design, accessibility, and diversity of goods and services with enhancement of the focus of these centres were popular amongst those who responded.
Neighbourhood Centres
<ul style="list-style-type: none"> • Half of those who responded thought that there was too much retail provision in these centres and that they could be allowed to decline and be replaced with other uses. • Others considered that they were too essential to be allowed to decline.
Local Parades
<ul style="list-style-type: none"> • Respondents considered them important for local people. They should be maintained but cases where they were declining should be addressed through policy
Out of Centre Proposals
<ul style="list-style-type: none"> • Most comments were not in favour of out-of-centre retailing.

3.2.4 Part 4: Community Facilities, Health and Education Issues and Options paper

A total of 32 responses were received to this Issues and Options paper. There was support from a majority of respondents for the retention and replacement of community facilities and to locate them in areas with good public transport.

3.3 Consultation outcomes and reporting back

The outcomes of the Issues and Options consultation was summarised in an Issues and Options Consultation Report. This is available on the Council's website and also summarises the outcomes of the various Focus Meetings that were held with local groups in the borough. The web link to the report is provided below.

<http://www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LDF/Consultation/StageOne/ResponsesIssuesOptionsConsultation.htm>

Meetings with various 'hard to reach' groups were arranged to discuss and explain relevant issues. However, the meeting that was arranged for older people and for Black and Minority Ethnic Groups were poorly attended and resulted in few comments that were directly relevant to the LDF and Core Strategy. A different targeted approach was taken in the next round of public consultation.

A full list of how the options presented in each Issues and Options paper have been incorporated into the Core Strategy is provided in Appendix 11 of the Sustainability Appraisal of the Core Strategy Proposed Submission Version. A web link to the Appendix is provided below.

http://www.lewisham.gov.uk/NR/rdonlyres/FD65A6EC-55A3-46D5-BDF0-00A4E1EF1032/0/1CoreStrategySustainabilitySEARReport_lo_res.pdf

4. Preferred Options consultation (regulation 26)

This section details the consultation undertaken on the Preferred Options stage of preparing the Core Strategy and the community response to the consultation.

Regulation 26⁶ required Authorities to set the strategic direction of the development plan document having prepared issues and alternative options in conjunction with the community. The preferred options document should build upon the previous stage, setting out an authority's proposed policy direction together with relevant issues, proposals (including sites if relevant) and alternative approaches where appropriate.

4.1 Consultation process

The consultation undertaken involved the following:

- All individuals and groups on the planning consultation database, including the specific consultation bodies listed in Appendix 1 were notified by letter of the consultation event and were also supplied with the consultation documents on CD-ROM.
- The consultation documents were made available on the Council's website, with hard copies available at the Planning Information Desk in Laurence House, and in all libraries in the borough.
- It was possible to respond to this consultation by using a web based form on the Council's web site.
- Planning Officers also undertook consultation by directly visiting a number of 'hard to reach' groups' by booking slots at their routine meetings and presenting the proposals for sites, particularly in the Deptford and New Cross areas.

Action	When
<ul style="list-style-type: none"> • Consultation letter (Appendix 4) • Newspaper notice (Appendix 5) • Planning Newsletter (as listed in Appendix 8) • CD-ROM 	22 nd June to 3 rd August 2007

⁶ 2004

A web link to the consultation documents is provided below.

<http://www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LDF/Consultation/StageTwo/>

4.2 Response to consultation

There were 272 responses received in relation to the consultation on the Core Strategy Preferred Option 2007 document titled 'People, Places and Spaces' as follows:

- 102 responses were supporting comments
- 96 were classified as objections
- 74 comments were considered to be observations providing further information and clarification.

The main issues raised in this consultation are shown in the table below.

Core Strategy - Formal Issues
<ul style="list-style-type: none"> • Government Office for London (GOL) made a general comment that many aspects of the Core Strategy appeared to repeat national policy, to lack local distinctiveness and had a lack of alternative options, and that evidence should be provided that the options put forward are justified in relation to tests of soundness. • Various comments were put forward from GOL and other agencies on the need for the preparation of evidence documents and technical papers, including employment land, infrastructure and housing market and flood risk assessments.
Spatial Vision, Objectives and Strategy - Major Growth Corridor
<ul style="list-style-type: none"> • Developers, landowners and others such as Goldsmiths College supported the Council's option for major growth in the north of the borough, and Lewisham and Catford Town Centres. • The Greater London Authority commented that the requirement to improve the overall social and physical environment of these areas should be made more explicit. • Transport for London requested more details of transport improvements and more consistency in references to the East London Line Project. • The Green Party requested more environmental safeguards in these policies and the need to provide more social infrastructure. • Local residents groups commented that the amount of new housing development proposed for the Deptford/New Cross Area was disproportionate and that the new development should be more evenly spread throughout the borough.
Climate change and flood risk
<ul style="list-style-type: none"> • The Environment Agency commented that decisions on growth options for the borough should be made in the light of the findings of the forthcoming SFRA and where the Sequential Tests and Exception Tests (where necessary) have been applied. The need to adapt to climate change and flood risk should be a major element of sustainable development.
Sustainability and energy efficiency
<ul style="list-style-type: none"> • The Environment Agency and others commented that policies should ensure that a significant proportion of the energy supply of substantial new development should be gained on-site and to reduce green house gas emissions.

Waste targets
<ul style="list-style-type: none"> Comments from GOL and the GLA stated that the Core Strategy should refer to the waste apportionment figures and allocate sufficient sites to meet these targets.
Housing
<ul style="list-style-type: none"> GOL commented that there was no site specific element presented as to how the housing targets set for the borough will be achieved, and no targets or indicators for housing mix and location. The Greater London Authority (GLA) commented that the affordable housing targets set within the preferred policy option were not in conformity with the London Plan. Other comments were that affordable housing should provide family housing as opposed to an over provision of smaller flats. Developers commented that proposed housing mix needed to be based on evidence of housing need, and also on the appropriateness of the location.
Urban design and conservation
<ul style="list-style-type: none"> There was support for high quality urban design built to promote a sense of local context and place, increase accessibility, reduce the fear of crime, and support for the conservation of historic parts of the borough. There was support from developers for the location of tall buildings in the borough subject to good urban design. Other comments from local residents and amenity and conservation groups were opposed to tall buildings and that the pressure of change to increase the number of housing units might result in loss of amenity to existing residential environments.
Improvements to river corridors
<ul style="list-style-type: none"> Numerous comments were made on the need to improve the quality, environment, biodiversity and accessibility of the river corridors in the borough.
Open space and biodiversity
<ul style="list-style-type: none"> Comments were made in relation to the need for further investment in open space, and refer to the need for access to biodiversity and places for children to play.
Transport and freight
<ul style="list-style-type: none"> Comments were made in relation to the need to use the River Thames for freight transport. References should be made to accessibility to public transport, and the promotion of other forms of transport including walking and cycling, use of car clubs etc
Employment land
<ul style="list-style-type: none"> Many landowners and redevelopers commented that land currently designated as Strategic and Local Employment Land (i.e. office, industry and warehousing) could and should be re-designated for housing use or mixed use development. Government Office for London stated that it was not clear what the demand for employment land was in the borough. Specific comments were made objecting to the inclusion of sites within Strategic Industrial Locations. It was considered that these designations should be based on evidence of demand, and that all employment locations should be considered for mixed use. One landowner supported the protection of employment locations. The GLA commented that release of land from Strategic Industrial Location designation should be done through the development plan process based on an Employment Land Study.

Other comments on employment land included:

- Protection of other smaller sites should be based on viability and demand.
- The policy on Creative Industries was supported.
- Green Industries were considered to be a potential new growth area for the economy.

Retail and Town Centres

- Local Groups commented that the smaller town centres and shops in the Borough required more support in the Strategy.

4.3 Consultation outcomes and reporting back

A complete list of the consultation comments and the Council's decision on how they were to be addressed in the next version of the Core Strategy is to be found on the Council's website. The web link is provided below.

<http://www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LDFConsultation/StageTwo/ResponsesLDFPreferredOptionsConsultation.htm>

Following upon comments received to this consultation by the Government Office for London (GOL), the Lewisham Mayor and Cabinet decided that a further round of public consultation was desirable before the council submitted the Core Strategy to the Secretary of State for an Independent Examination.

The GOL criticism related to a lack of a robust evidence base to justify the preferred options and a perceived failure to offer sufficiently open options for public consultation. The government also released further guidance on the appropriate content and level of detail expected within the Lewisham Core Strategy, which necessitated changes.

The government changes and the comments from GOL, meant a review to the content and the way the Core Strategy was presented. This resulted in a change of emphasis for the Core Strategy and the need for the Council to commission further evidence and background reports to inform and justify any position (or options) being put forward and considered.

5. Further Options consultation (Regulation 25)

This section details the consultation undertaken on a further round of options following the advice received from the Government Office for London on the Preferred Options report.

The Core Strategy Options Report built on the Issues and Options and the Preferred Options stages. It showed the possible options and content the Council could develop into policies and include as part of the publication version of the Core Strategy. The purpose of the Core Strategy Options was to ensure that all stakeholders and members of the public had the opportunity to not only comment in detail on what options should or could be taken forward but also on those alternative options which the Council did not see as being taken forward (those options which are not seen as being suitable) and the various evidence reports used to justify the Council's position. Each option was open to comment and all representations received were considered and reviewed in preparing the Core Strategy publication version.

5.1 Consultation process

The consultation undertaken involved the following:

- All individuals and groups on the planning consultation database, including the specific consultation bodies listed in Appendix 1 were notified by letter of the consultation event. This included an information brochure with a questionnaire explaining the options that were available for comment.
- An email was sent to those on the consultation database who provided an email address notifying them of the consultation event.
- The consultation documents were made available on the Council's website, with hard copies available at the Planning Information Desk in Laurence House, and in all libraries in the borough.
- It was possible to view and respond to this consultation by using an internet based consultation portal (Limehouse) intended to make responding to the consultation document more attractive and user-friendly.
- Planning Officers also undertook consultation by directly visiting a number of 'hard to reach' groups by booking slots at their routine meetings and presenting the proposals for sites, particularly in the Deptford and New Cross areas.

Action	When
Consultation letter and brochure with questionnaire sent to all individuals and groups on the Planning Consultation Database	16 th February 2009
Consultation email sent to those on the Planning Consultation Database who provided an email address	17 th February 2009
Consultation documents made available on Lewisham Consultation Portal	17 th February to 3 rd April 2009
Consultation documents made available at all Public Libraries in the borough and the Planning Information Desk for the consultation period. Documents made available in CD-ROM format.	17 th February 2009 to 3 rd April 2009
Newspaper notice (South London Press)	17 th February 2009
Vietnamese Group Meeting	29 th January 2009

Action	When
Conservation and Amenity Society (FOCAS) Meeting	16 th February 2009
Meeting with Young Mayor and Young Mayor's Group	23rd March 2009
Business Advice Evening - Consultation Material and Planning Staff available	24 th March 2009
Presentation at Pensioners Forum	25 th March 2009

A copy of the covering letter is included in Appendix 6. The newspaper notice from the South London Times is included as Appendix 7.

The information brochure and questionnaire met the Council's requirement to prepare a Planning Newsletter and can be viewed through the following web link.

http://www.lewisham.gov.uk/NR/rdonlyres/DF9AA22E-7935-4E7D-BBF5-F3F307289771/0/10CoreStrategySummaryFebruary2009lo_res.pdf

A web link to the consultation documents is provided below.

<http://www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LDFConsultation/StageTwoOptions.htm>

5.2 Responses to consultation

A total of 74 individual respondents made detailed comments on the Core Strategy Options Report February 2009 as follows:

- 253 comments were classified as objections
- 186 were supporting comments
- 126 comments were largely in support but with some caveats or requested change
- 174 were classified as 'observations' giving further information or commenting in a general way
- 20 responses were classified as 'other' giving background information or other material not directly relevant to the plan.

A number of consultation themes emerged which are summarised below:

Issue summary	How the main issues have been addressed in the Core Strategy Pre-submission Version document
<p>Comments from Developers and landowners</p> <p>Developers and landowners in the Deptford and New Cross area were in favour of Strategic Spatial Option 1: Borough-wide regeneration and growth.</p> <p>They generally made specific objections in relation to the need for flexibility in the</p>	<p>These comments have been supported by the Council - Strategic Spatial Option 1: Borough-wide regeneration and growth, has been taken forward in the Core Strategy Pre-submission document.</p> <p>The Council has put forward policy approaches in conformity with the London</p>

Issue summary	How the main issues have been addressed in the Core Strategy Pre-submission Version document
<p>provision of affordable housing, housing mix and the application of policies on renewable energy and planning obligations. They also generally proposed that tall buildings should be appropriate across the Deptford/New Cross Regeneration Area, not just within Lewisham and Catford Town Centres.</p> <p>One landowner in the north of the Borough opposed the redevelopment of a site on Surrey Canal Road which has been included in a Mixed use Employment Location where redevelopment was proposed.</p>	<p>Plan and with the evidence base on delivery of housing, and the application of renewable energy policies. Other evidence based work relating to the provision of infrastructure and the location of tall buildings has also been prepared in order to guide the formulation of the Core Strategy policies.</p> <p>The objection by the owner of a site in Surrey Canal Road to being included in the redevelopment of sites at Surrey Canal Triangle was not agreed. The Council considered that the regeneration benefits of including this site within a larger regeneration site outweighed the loss of a builder's yard at this location.</p>
<p>Local Residents and Amenity Groups These groups were largely concerned that Strategic Spatial Option 1 would represent an overdevelopment of the north of the borough, strain infrastructure and harm amenity for existing residents.</p>	<p>The Council has not supported the alternative Option 2 as it would have represented more limited regeneration opportunities in the northern area of the borough which has the highest levels of deprivation. Further evidence has been prepared on infrastructure needs arising from population growth and new housing development across the borough.</p>
<p>Environment Agency (EA) These comments mostly related to flood risk issues and discussion of whether sites had been sequentially tested in the Strategic Flood Risk Assessment (SFRA). Other comments related to groundwater protection and adapting to climate change.</p>	<p>Amendments were made to the Core Strategy to ensure flood risk and water management issues were better represented in the Core Strategy. The Council has also prepared a SFRA and Sequential Test to inform the allocation of housing and sites across the borough. Due to the detailed nature of many of the EA comments, these will be taken on board in future Development Plan Documents (Development Management and Site Allocations).</p>
<p>English Heritage (EH) English Heritage commented again that heritage issues were considered in largely architectural terms, and that the policies were</p>	<p>These comments have resulted in amendments to the Core Strategy. However, as this document is intended to</p>

Issue summary	How the main issues have been addressed in the Core Strategy Pre-submission Version document
too generic.	provide the strategic direction for the Council and to presents a strategy, a 'generic' policy on conservation was retained as this reflects the expectations of local groups that this issue will be of importance to the borough. The EH comments will be used to inform the preparation of more detailed Development Plan Documents such as Development Management and Site Allocations.
<p>Lewisham Political Parties The Lewisham Green Group provided detailed comments on how the overall sustainability of the Core Strategy could be improved.</p> <p>The Lewisham Liberal Democrat Group A number of wide ranging comments were made on the Core Strategy vision, the lack of family housing, the inappropriate raising of Lewisham Town Centre to Metropolitan Status and a corresponding lack of status accorded to important local shops and parades. They also commented on the small size of the local economy and that development on the flood plain should be challenged.</p>	<p>The comments of the Green Group were incorporated in to the Core Strategy as far as possible.</p> <p>The comments of the Liberal Democrat Group have been incorporated in to the Core Strategy as far as possible.</p>
<p>London Borough of Greenwich LB Greenwich commented on a number of issues the most significant being the potential impact of development within Lewisham on the Maritime Greenwich World Heritage Site located within LB Greenwich.</p>	<p>An evidence base document on Tall Buildings within Lewisham including an assessment of the potential impact of these on the Greenwich World Heritage Sites has been prepared.</p>
<p>Greater London Authority and Transport for London The GLA were concerned about:</p> <ul style="list-style-type: none"> • loss of Strategic Industrial Land • a, regeneration vision was required for the south of the borough as well as for the north • need for family housing • the requirement to identify sites for Gypsies and Travellers • promotion of district heating for new developments powered by the South 	<p>Meetings took place with GLA Officers and then with the Deputy Mayor of London for Policy and Planning in relation to the loss of Strategic Industrial Land, backed by the evidence in the Lewisham Employment Land Study. These meetings have resolved concerns about the reallocation of Strategic Industrial Land within the borough.</p>

Issue summary	How the main issues have been addressed in the Core Strategy Pre-submission Version document
<p>East London Combined Heat and Power Station (SELCHP)</p> <ul style="list-style-type: none"> new public space provision in the north of the borough to serve new developments. <p>Transport for London commented that:</p> <ul style="list-style-type: none"> the implications of the development options for the transport network needed to be understood site development phasing should be identified Planning obligations needed to reflect strategic as well as local needs. 	<p>The Core Strategy has been re-drafted to provide a spatially specific vision for all parts of the borough and contains detailed Strategic Site Allocation policies.</p> <p>Further evidence has been also prepared to address:</p> <ul style="list-style-type: none"> infrastructure needs arising from forecast population growth and new housing, particularly the strategic site allocations renewable and decentralised energy provision transport issues covering Lewisham Town Centre, Deptford/New Cross and a borough-wide study.
<p>Friends Families and Travellers Project</p> <p>This group commented that it would be necessary to allocate appropriate Gypsy and Traveller sites.</p>	<p>The Core Strategy has provided a criteria based approach for allocating appropriate Gypsy and Traveller Sites. The Site Allocations Development Plan Document will deal with the allocations of specific sites.</p>
<p>Faith Group (Church of God of Prophecy)</p> <p>This group commented on the difficulty of finding buildings for faith groups and associated community facilities.</p>	<p>This is an issue that was highlighted in the Equalities Impact Assessment that was conducted at the Preferred Options consultation stage of the Core Strategy. The Council is actively seeking ways in which to help faith groups find premises in the borough.</p>

5.3 Further Options reporting back

A schedule of all the comments received and the outcome of each comment made has been placed on the Council's website. The web link is provided below.

<http://www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/CoreStrategy.htm>

6. Other non-statutory consultation

6.1 North Deptford

In November and December 2008 Ipsos MORI and Urban Practitioners carried out a programme of consultation in North Deptford on behalf of the London Borough of Lewisham.

The programme was targeted at residents of the North Deptford area, local public and voluntary sector stakeholders, local businesses and young people, and it aimed to gather local views about potential major developments facing North Deptford, as well as to reveal any significant planning issues which could be addressed by the Council, including issues to be addressed when preparing the Core Strategy or other LDF documents.

The consultation found broad support for growth and regeneration in North Deptford, but with concerns regarding the impact of new residential development on community facilities, services and cohesion.

Many opportunities for improvement and investment were identified, including upgrades to the public realm, open spaces and local housing. The provision of new connections, new shops and improved community facilities and services as part of long term redevelopment of opportunity sites were also highlighted.

During the course of the consultation, a public exhibition was prepared which featured five potential development sites.

The following events were included:

- A deliberative workshop
- A series of three public meetings
- A stakeholder group discussion with local public and voluntary sector representatives
- Two stakeholder workshops with local business groups
- A youth engagement activity; and
- Youth video diaries (ethnography).

Where relevant the comments were included as part of the Core Strategy, particularly in the preparation of policy for the Spatial Strategy as it applied to the Deptford New Cross area and the Strategic Site Allocations.

A summary of the consultation material has been included as Appendix 9.

6.2 Local Strategic Partnership (LSP)

Established in 2001, the Lewisham Strategic Partnership is the Local Strategic Partnership (LSP) for the borough and brings together representatives from Lewisham's public, private, voluntary and community sectors to examine how, by working together, the quality of life of Lewisham's citizens can be improved. It is responsible for achieving the vision of the borough set out in Shaping our future – Lewisham's Sustainable Community Strategy 2008 – 2020 (see below).

The Lewisham Strategic Partnership is led the LSP Board which is chaired by Lewisham's directly-elected Mayor. This board has senior representatives from public and private sector organisations such as the Police, the Hospital and the Chamber of Commerce, as well as elected community representatives and key individuals from the borough's voluntary and community sector.

Meetings took place with the LSP Board to ensure the Core Strategy was the spatial representation of the Sustainable Community Strategy (SCS). The Core Strategy was presented to the LSP board on 11th July 2008 by way of an update on its preparation and the presentation of key issues and options that were being considered for the Core Strategy Further Options Report. A further presentation on the Core Strategy took place on 17th October 2008.

The LSP were supportive of the options being considered and were in favour of an option that presented borough-wide regeneration and growth with increased housing numbers. To further show the links between the SCS and the Core Strategy, a section was included in the Core Strategy to explain its relationship to the SCS and its objectives. A key issue raised by the LSP related to the provision of infrastructure and its delivery. This issue has been developed into an Infrastructure Delivery Plan and the LSPs Sustainable Development Partnership has the responsibly

6.3 Infrastructure Delivery Plan (IDP)

As part of the evidence base for the Core Strategy, an Infrastructure Delivery Plan (IDP) has been prepared. Planning Policy Statement (PPS) 12 provides renewed emphasis on the deliverability of plans (such as the Core Strategy) and the need for Local Planning Authorities to demonstrate that necessary social, physical and green infrastructure is provided to support the delivery of the vision for an area – as set out in its Core Strategy.

Meetings with relevant infrastructure delivery agencies were held between February 2009 and January 2010. This included:

- LBL Transport, Education, Parks, Community Sector Unit, Adult Social Care, Community Services,
- Lewisham University Hospital NHS Trust
- South London Maudsley NHS Trust
- Lewisham PCT
- Lewisham College

- Goldsmith College
- Voluntary Action Lewisham
- Environment Agency
- Metropolitan Police Service
- London Fire Service
- EDF Energy
- Transco
- Thames Water
- Transport for London
- Southern Gas Network
- London Ambulance Service NHS Trust

The IDP has been prepared in close consultation with the above and the process of preparing the IDP and the Core Strategy itself seeks to:

- Identify infrastructure needs and costs (including where possible phasing of development, funding sources and responsibilities for delivery)
- Further strengthen relationships between the SCS and the LDF
- Improve lines of communication between key delivery agencies and the Local Planning Authority
- Identify opportunities for integrated and more efficient service delivery and better use of assets
- Provide a sound evidence base for funding bids
- Help facilitate growth in Deptford, New Cross, Lewisham and Catford and manage development elsewhere and
- Integrate with the emerging Planning Obligations SPD.

The Infrastructure Delivery Plan, accompanying schedule and maps, and the consultation schedule can be viewed by the web link provided below.

<http://www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LocalDevelopmentFrameworkEvidenceBase/>

7. Sustainability Appraisal

The Sustainability Appraisal consultations after the initial Scoping Report stage were conducted simultaneously with the Preferred Options (2007) and Further Options (2009) consultation processes.

No consultation comments were received on the Sustainability Appraisal at the Preferred Options Stage.

English Heritage commented on the Sustainability Appraisal at the Further Options Consultation Stage by letter dated 8th April 2009. They expressed concerns that the historic and archaeological environment should have a more fully integrated treatment both within the SA and the Core Strategy and that it should be more locally specific.

The Core Strategy Proposed Submission Version has taken on board these comments and has integrated the consideration of the historic and archaeological environment into the various spatial areas in the borough (see Section 6 of the Core Strategy).

The Core Strategy Proposed Submission Version Sustainability Appraisal was independently reviewed by The Landscape Partnership, and at all decision making stages from scoping to pre-submission was presented to Mayor and Cabinet and Full Council for consideration.

8. Equalities Impact Assessment

The Equality Impact Assessment (EqIA) examines an existing or proposed policy, strategy, function, project or activity to identify what effect its implementation may have on different groups in the community. An EqIA was prepared as part of the Further Options stage (2009) of the Core Strategy and was released for public consultation between 17th February to 3rd April 2009.

There were no public consultation responses to the EqIA.

The EqIA was reported to and endorsed by the Council's Equalities Board and the recommendations have been used to inform the pre-submission version of the Core Strategy,

Dear Sir/Madam

Local Development Framework - Consultation

I am sending with this letter the set of five documents that have been prepared for the first public consultation stages of the Lewisham Local Development Framework (LDF). The LDF is a set of documents that will guide decisions about the future of Lewisham – for example where housing will be developed, how open space will be protected, how employment opportunities will be encouraged, and the future developments that may take place in Lewisham Town Centre.

We are now seeking your comments and opinions on the first vital stages of preparing this Framework. You now have the chance to comment on the basic vision that is being prepared for the future of Lewisham – well in advance of the preparation of any final policy document. You are also being invited to give us information on the best methods for this consultation to take place in the future – a questionnaire is enclosed. Finally we are seeking information on any sites that might come forward for new development within the borough.

A summary of what is to be found in the documents is given below:-

1. 'A Guide to the New Planning System' - Introducing Lewisham's Local Development Framework'. This is a general introduction to the new planning framework and the terminology used.
2. 'Lewisham's Local Development Framework: consultation on the spatial vision, objectives and issues'. This summarises the vision, objectives and issues for Lewisham. These were identified by the preparation of what is termed a 'Sustainability Appraisal Scoping Report' which systematically examined all the legislation and policy documentation that affects Lewisham. (see Glossary in Document No.1)
3. 'Site allocations – request for sites'. This is a general invitation to suggest sites and uses for development and redevelopment in the borough.
4. 'Statement of Community Involvement – Questionnaire'. This document invites you to identify how, when and the method by which you would most like to be consulted in the future.

5. A summary of the objectives and issues identified for the Lewisham Town Centre Area Action Plan. These were also identified by means of a 'Sustainability Scoping Report'.

Full copies of the two Sustainability Scoping Reports mentioned above may be found on the Lewisham website at www.lewisham.gov.uk/planning. Copies of these may also be obtained by contacting the planning policy team at the above address.

Your comments and questions on these documents should be sent to the planning policy team by **Monday 20 June 2005**. A postage paid sticker is included to use for your reply. If you need any further information please do not hesitate to contact us by telephone or e mail listed in the documents. I look forward to hearing from you.

Yours sincerely

Brian Regan

LIBRARIES INTRODUCTION TO THE LOCAL DEVELOPMENT FRAMEWORK - CONSULTATION

Please find attached a set of five documents that have been prepared for the first public consultation stages of the new Lewisham Local Development Framework (LDF). **Please place these on display (along with a copy of this letter) in your reference section for general public review.**

The LDF is a set of documents that will guide decisions about the future of Lewisham – for example where housing will be developed, how open space will be protected, how employment opportunities will be encouraged, and the future developments that may take place in Lewisham Town Centre.

We are now seeking comments and opinions from the community on the first vital stages of preparing this Framework.

A summary of the documents and a brief description of their content is given below:-

1. **‘A Guide to the New Planning System’ - Introducing Lewisham’s Local Development Framework’.** *This is a general introduction to the new planning framework and the terminology used.*
2. **Sustainability Appraisal Scoping Report – Core Strategy, Development Policies and Site Allocations.** *This is the primary policy document that sets out Issues and Objectives – a summary of this document is provided in no. 3 below.*
3. **‘Lewisham’s Local Development Framework: Consultation on the Spatial Vision, Objectives and Issues’.** *This summarises the vision, objectives and issues for Lewisham. These were identified by the preparation of what is termed a ‘Sustainability Appraisal Scoping Report’ which systematically examined all the legislation and policy documentation that affects Lewisham. (see Glossary in Document No.1)*
4. **Sustainability Appraisal Scoping Report – Lewisham Town Centre Action Plan.** *This is the primary policy document that sets out Issues and Objectives for Lewisham Town Centre – a summary of this document is provided in no. 5 below.*
5. **A summary of the objectives and issues identified for the Lewisham Town Centre Area Action Plan.** *These were also identified by means of a ‘Sustainability Scoping Report’ in no 4 above.*
6. **‘Site allocations – request for sites’.** *This is a general invitation to suggest sites and uses for development and redevelopment in the borough.*

7. **'Statement of Community Involvement – Questionnaire'**. *This document invites you to identify how, when and the method by which members of the community would like to be consulted in the future.*

Full copies of the two Sustainability Scoping Reports mentioned above may be found on the Lewisham website at www.lewisham.gov.uk/planning. Copies of these may also be obtained by contacting the planning policy team at the above address.

Your comments and questions on these documents should be sent to the planning policy team by **Monday 20 June 2005**. If you need any further information please do not hesitate to contact us by telephone or e mail listed in the documents.

Yours sincerely

Brian Regan

21 May 2005

Dear Sir / Madam,

R.E: LOCAL DEVELOPMENT FRAMEWORK – ISSUES AND OPTIONS PART ONE

The London Borough of Lewisham Policy Planning Department is now consulting on the next stage of the Local Development Framework – the new Planning System for Lewisham. This stage sets out the broad Issues and Options for the future development of Lewisham Borough.

The Council has produced a series of topic papers (*see Annex over page*). Part One of this consultation stage includes papers dealing with: **Housing, Waste Management, Urban Design and Sustainable Environment**. Some of these papers are relatively technical in nature and to assist we have enclosed a summary for your information.

The consultation period lasts for six weeks from 25th July until 12th September 2005. We have included a detachable feedback forms to assist you in getting your comments back to us, although we encourage your individual comments where appropriate.

Additional copies of discussion papers can be downloaded from the Council's website www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework. If you have any questions about this process or the issues and options presented please do not hesitate to contact a member of the Planning Policy team.

Please note: This information has been sent to you as you are listed on our 'Specific Consultation bodies' Planning database.

Yours faithfully

Planning Officer

Dear Sir or Madam

FUTURE USES FOR INDUSTRIAL AND WAREHOUSING SITES IN THE LONDON BOROUGH OF LEWISHAM

The London Plan published by the Mayor of London requires the maintenance of a certain amount of industrial and warehousing land in the borough considered to be important for the whole of London, and to maintain the diversity and vitality of the local economy of the borough, and also requires the provision of an increased number of housing units in the light of the housing shortage.

The Council is also preparing a complete revision of the town planning framework (called the 'Local Development Framework' or LDF) for the borough as required by new Town Planning legislation. The Council is therefore consulting on the future use of all industrial and warehousing sites in the Borough.

If you wish to see and comment upon the options currently being proposed for the industrial and warehousing sites in Lewisham please view the **Employment Land Issues and Options Paper** at: www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LDFDocuments/EmploymentLand.htm. Other sites that may be of interest are to be found at www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework/LDFDocuments/SiteAllocations1.htm or **Site Allocations 2.htm**. Alternatively please contact me on the above telephone number or email address.

There are also feedback sheets for comments on the same web page. **The consultation time period shown on the web page documents has been extended so that you may return your comments by 30th November 2005.**

At this stage of plan preparation the options for the sites being discussed in these papers are basically suggestions for various uses, including retention in employment use and are being put forward for public consultation and comment.

If you wish to be included on the Council's database to be notified of future stages of town plan preparation please let me know.

Yours faithfully

Dear Sir or Madam,

THE FUTURE OF LEWISHAM AND THE LOCAL DEVELOPMENT FRAMEWORK

The Council is asking all local residents and community groups about the changes that might happen to the land and buildings of Lewisham, and the changes that you might like to see.

The Council has powers to control the appearance, form and location of new buildings in the borough. The Council may promote redevelopment of various sites in the borough for new development. For example Convoys Wharf in the north of the borough by the river will see a massive new development of over 3,500 new dwellings, office space, and other uses. It also has powers to control changes of use of buildings – such as changes of shops to take away food outlets, and preventing the loss of housing to other uses, and can protect open space from being built on.

These powers are however limited by various rules and regulations put forward by the government. The Council must also publish a document which is relevant to the local conditions in Lewisham. The document is a public statement which gives those who wish to build new housing or any other new building a good idea as to the type of development that will be welcomed in Lewisham. This document is called ‘The Local Development Framework.’.

Now is your chance to discuss any issues of interest or concern that you may have about town planning, the way planning decisions are made locally, and what you would like to see go into the Local Development Framework. Would you like to see more cafes in Lewisham for instance?. Are you concerned that new housing is being built that isn’t suitable for the people who will live in it? Are you worried that your local shopping centre is losing shops? These are just examples. We won’t always be able to give you the answer you would like – the Council only has powers to do certain things and these are legally limited – but we will do our best and listen to what you have to say.

Town Planners will be available to discuss any concerns, or points of interest in **Room 3 Civic Suite, Lewisham Town Hall, Catford SE6, between 7.30 pm and 9. 30 pm on Wednesday 2 November 2005.**

Tea and Coffee will be available at the meeting

Yours faithfully,

Policy Planning Officer

Director: Patrick Hayes

Dear Sir / Madam,

R.E: LOCAL DEVELOPMENT FRAMEWORK – ISSUES AND OPTIONS PART ONE

The London Borough of Lewisham Planning Policy Department is now consulting on the next stage of the Local Development Framework. This work follows on from the Sustainability Appraisal Scoping Report (Core Strategy) document consulted on in May of this year. The *enclosed LDF Planning Newsletter* explains this process so far and what is to come.

This current stage of consultation sets out the broad issues and options for the future development of Lewisham Borough. The Council has produced a series of topic papers which we will be releasing in two parts. Part One, being this consultation pack includes papers dealing with: **Housing, Urban Design Sustainable Environment and Waste Management**. While these papers are provided in full, an illustrative summary document has also been *enclosed* for your information.

The part one consultation period lasts for six weeks from 25th July until Monday 12th September 2005, 5pm. We have included detachable feedback forms to assist you in getting your comments back to us, although we encourage your individual comments where appropriate.

Part two of the issues and options discussion papers are anticipated to be released for consultation in August. These discussion papers will cover: Employment, Retail and Town Centres, Open Space & Biodiversity, Transport, Community Facilities and Site Allocations.

Additional copies of part one discussion papers can be downloaded from the Council's website www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework. If you have any questions about this process or the issues and options presented please do not hesitate to contact a member of the Planning Policy team.

Yours faithfully,

Date: 25 July 2005

Dear Sir/Madam,

LOCAL DEVELOPMENT FRAMEWORK – ISSUES & OPTIONS - CONSULTATION

Lewisham Council Planning Department needs your input into the new planning system for the borough. This is the second stage of consultation where we introduce **issues and options** to the community for your consideration.

The Council has produced a series of topic papers (*see Annex over page*) that set out the alternative options for consultation (*available on our website*). These are: Housing, Waste Management, Urban Design and Sustainable Environment. These papers are relatively technical and to assist **we have enclosed a summary** for your information.

The consultation period lasts for six weeks from 25th July until 12th September 2005. We have included a detachable feedback form to assist you in getting your comments back to us.

Additional copies of the summary, full discussion papers or feedback forms can be downloaded from the Council's website, by calling the policy team or from the planning service reception desk (Monday to Friday 9.00 am – 5.00 pm).

If you have any questions about this process or the issues and options presented please do not hesitate to contact a member of the Planning Policy team.

Please note: *This information has been sent to you as you are listed on our 'Community Consultation Database'. If you no longer wish to be on this list and consulted on planning matters, please let us know as soon as possible. Thank you.*

Yours faithfully

Planning Policy Manager

Dear Sir/Madam,

LOCAL DEVELOPMENT FRAMEWORK – ISSUES & OPTIONS - CONSULTATION PART 2

Lewisham Council Planning Department needs your input into the new planning system for the borough. This is the second stage of consultation where we introduce *issues and options* to the community for your consideration.

The Council has produced a series of topic papers that set out the alternative options for consultation. Details of the Housing, Waste Management, Urban Design and Sustainable Environment papers were sent out to you in July. It has now become necessary to amend the consultation timetable for the publication of the rest of these papers – the changed timetable is attached at the end of this letter.

We are now consulting on the second set of Issues and Options papers we have produced – these are:-

- Open Space and Biodiversity
- Transport
- Employment Land

The consultation period lasts for six weeks from 12th September until 24th October 2005.

A summary of the options contained in these papers together with a questionnaire is included in this mailing. The summary has been prepared to give you an idea of what is included in the full Issues and Options papers. If you wish to have a full copy, these papers are available on the Council's website (see web address above), or you may request a paper copy by telephoning or e-mailing the planning policy team, or call in person at the Planning Reception Desk 5th Floor Laurence House between the hours of 9.00 am – 5.00 pm weekdays. We have included detachable feedback forms with each Issues Paper to assist you in getting your comments back to us.

If you have any questions about this process or the issues and options presented please do not hesitate to contact a member of the Planning Policy team.

Please note: This information has been sent to you as you are listed on our 'Community Consultation Database'. If you no longer wish to be on this list and consulted on planning matters, please let us know as soon as possible. Thank you.

Yours faithfully

Planning Policy Manager

Dear Sir or Madam,

LOCAL DEVELOPMENT FRAMEWORK – ISSUES AND OPTIONS PART TWO

The London Borough of Lewisham Planning Policy Department is now consulting on the next stage of the Local Development Framework. This work follows on from the Sustainability Appraisal Scoping Report (Core Strategy) document consulted on in May of this year.

This current stage of consultation sets out the broad issues and options for the future development of Lewisham Borough. We are now sending you Part 2 of the consultation on the Issues and Options for the Local Development Framework comprising the Open Space, Transport, and Employment Land Papers.

These papers are provided in full, but an illustrative summary document has also been enclosed for your information.

The remaining Issues and Options Papers will be sent out in early October. These will be the Retail and Town Centres, Education, Health and Community Facilities and Site Allocations Papers.

The part one consultation period lasts for six weeks from 12th September until Monday 24th October 2005, 5pm.

We have included detachable feedback forms to assist you in getting your comments back to us, although we encourage your individual comments where appropriate.

Additional copies of these discussion papers can be downloaded from the Council's website www.lewisham.gov.uk/Environment/Planning/PlanningPolicy/LocalDevelopmentFramework. If you have any questions about this process or the issues and options presented please do not hesitate to contact a member of the Planning Policy team.

Dear Sir/Madam,

LOCAL DEVELOPMENT FRAMEWORK – ISSUES & OPTIONS - CONSULTATION PART 3

Lewisham Council Planning Department needs your input into the new planning system for the borough. This is the second stage of consultation where we introduce **issues and options** to the community for your consideration.

The Council has produced a series of topic papers that set out the alternative options for consultation. Details of the Housing, Waste Management, Urban Design and Sustainable Environment papers were sent out to you in July. Employment, Open Space and Biodiversity, and Transport Issues and Options Papers were sent out in September.

We are now consulting on the third set of Issues and Options papers we have produced – these are:-

- Site Allocations
- Retail and Town Centres

The Education, Health and Community Facilities paper will be published shortly.

The consultation period lasts for six weeks from 10th October until 21st November 2005.

A summary of the options contained in these papers together with a questionnaire is included in this mailing. The summary has been prepared to give you an idea of what is included in the full Issues and Options papers. If you wish to have a full copy, these papers are available on the Council's website (see web address above), or you may request a paper copy by telephoning or e-mailing the planning policy team, or call in person at the Planning Reception Desk 5th Floor Laurence House between the hours of 9.00 am – 5.00 pm weekdays. We have included detachable feedback forms with each Issues Paper to assist you in getting your comments back to us.

22 June 2007
Our ref LDF/PO/01

Dear Sir / Madam,

Re. Local Development Framework – Preferred Options

The Council is currently preparing a new series of planning policy documents which will form part of the Local Development Framework (LDF). The LDF sets out future directions for land use, development, and regeneration in the borough and the Council will use the LDF to help make decisions on major proposals planned for the borough and on planning applications.

The preparation of planning policy documents proposed to be included within the LDF must be prepared according to a set procedure⁷ which includes substantial public and stakeholder consultation. Previous stages of consultation on the LDF took place in 2005 (on the issues and options for each of the proposed documents).

The Council, having considered what was said in the previous consultation, has now prepared draft documents. These drafts are known as the Preferred options. Preferred options have been prepared for the following documents:-

- People, Places and Spaces - Spatial (Core) Strategy which will apply to the whole of the borough.
- Development Policies and Site Allocations Document which will apply to the whole of the borough.

We are consulting on the preferred options now so that the public and stakeholders have a further opportunity to influence the LDF before it is submitted for independent examination and subsequent adoption by the Council.

The attached Planning Newsletter (Edition 4 - June 2007) provides a brief introduction to both of the documents, what policy matters they address, and the key directions they are proposing. Further, full electronic copies of the preferred options, including supporting information, are contained in electronic format on the enclosed CD-Rom. We encourage you to review this information and to make a submission to tell the Council your views.

⁷ The procedure is set out in the Council's Statement of Community Involvement - July 2006.

Details of where to obtain and/or inspect full copies of all relevant material can be found in the attached Planning Newsletter (and the attached statutory notice). Information is also provided on how to make a submission.

We particularly encourage you to make your submission on-line at www.lewisham.gov.uk/environment/planning where an interactive form can be found. However, a number of hard copy response forms are attached to this letter and these can also be used. If not making a submission on-line, submissions can be sent by email or post to the address identified on the attached statutory notice. Further hard copy response forms can be downloaded from the website or obtained by contacting the Council.

The consultation on the preferred options ends on the **3 August 2007** and it is important that all submissions are received by the Council by this date. As mentioned, the attached Planning Newsletter provides detailed information about this consultation but if you would like further information please speak to a member of the Planning Policy Team on 020 8314 7400, see our website at www.lewisham.gov.uk/environment/planning or email us at planning.policy@lewisham.gov.uk.

Yours sincerely,

Brian Regan
Planning Policy Manager

Appendix 5 Newspaper notice for the Preferred Options

Planning and Compulsory Purchase Act 2004

The Town and Country Planning (Local Development) (England) Regulations 2004 - Regulation 26

Notice of Pre-Submission Public Participation (Preferred Options)

The statement provides information on consultation being undertaken by the London Borough of Lewisham on the Preferred Options for two Development Plan Documents which are currently being prepared.

Proposed Title and Area of Development Plan Documents

1. People, Places and Spaces - Spatial (Core) Strategy Development Plan Document which applies to the whole of the London Borough of Lewisham.
2. Development Policies and Site Allocations Development Plan Document which applies to the whole of the London Borough of Lewisham.

Proposed Subject Matter of the Development Plan Documents

1. People, Places and Spaces - Spatial (Core) Strategy Development Plan Document set out the key elements of the planning framework for the London Borough of Lewisham. It comprises a vision and strategic objectives for the area, along with a spatial strategy, core policies and a monitoring and implementation framework.
2. Development Policies and Site Allocations Development Plan Document sets out the main policies and reasons for those policies that will be used to consider planning applications for development or change of use. This document also includes site specific allocations (except for those in Lewisham Town Centre and Catford Town Centre which are the subject of separate Development Plan Documents).

Period Within Which Representations May Be Made

The consultation period commences on 22 June 2007. **All representations must be received by Friday 3 August 2007.**

Where to Send Representations

All written representations must be sent to:

Planning Policy
London Borough of Lewisham
5th floor, Laurence House
1 Catford Road
Catford SE6 4RU

All electronic representations must be sent to: planning.policy@lewisham.gov.uk

Representations may be made on-line at :- www.lewisham.gov.uk/Environment/Planning/

Statement of Notification

Any person who makes a representation in response to the above matters may also request to be notified at a specified address that the above Development Plan Documents have been

submitted to the Secretary of State for independent examination under section 20 of the Planning and Compulsory Purchase Act 2004, and of the adoption of the Development Plan Documents.

Where to Inspect Relevant Documents

The Preferred Options, along with other supporting information, are available for inspection during the consultation period at :-

- The Planning Information Office, 5th Floor Laurence House, 1 Catford Road, SE6 4RU between the hours of 9am and 5pm, Monday to Friday;
- All London Borough of Lewisham libraries during normal opening hours; and
- On-line at www.lewisham.gov.uk/environment/planning

Our Ref: LDF/18/CON

Dear Sir / Madam

Local Development Framework – Core Strategy Options Report

The Council is continuing to prepare a new series of planning policy documents which will form part of the Lewisham Local Development Framework (LDF). **The Council is now consulting on the Core Strategy Options Report.** This report builds on the previous rounds of consultation that took place in 2007 (known as the Preferred Options).

The preparation of the Core Strategy Options Report was subject to a Sustainability Appraisal and Strategic Environmental Assessment (SA/SEA) and an Equalities Impact Assessment (EIA). These two documents are also available for consultation and comment.

The Lewisham Core Strategy will set out the vision, objectives, strategy and policies that will guide development and regeneration in the London Borough of Lewisham over the next 15 years. Major change is anticipated, with a focus on Lewisham, Catford, Deptford and New Cross, and we need to plan for this.

The purpose of the Core Strategy Options Report is to ensure that all stakeholders and members of the public have the opportunity to not only comment in detail on what options should or could be taken forward into the draft Core Strategy, but also on those alternative options which are not being taken forward (those options which are not seen as being suitable) and the various evidence reports used to justify the Council's position.

The Core Strategy Options Report, the Sustainability Appraisal and the Equalities Impact Assessment are available to view online at <http://consult.lewisham.gov.uk/portal>. We encourage you to make your submission on-line against the relevant section. Alternatively, you may respond to us by email at planning.policy@lewisham.gov.uk with 'LDF Core Strategy Options Report' as the subject or by post to the above address. Copies of the documents are available on CD-Rom.

The consultation period ends on **Friday 3rd April 2009** and it is important that all representations are received by the Council by this date. If you would like further information, please contact the Planning Policy Team by telephone 020 8314 7400 or by the above email address.

Yours sincerely,

Brian Regan
Planning Policy Manager

Appendix 7 Newspaper notice for the Further Options

LONDON BOROUGH OF LEWISHAM
Planning and Compulsory Purchase Act 2004
The Town and Country Planning (Local Development) (England) (Amendment)
Regulations 2008
Notice of Public Participation (Regulation 25)
Lewisham Core Strategy Options Report

London Borough of Lewisham has produced the Lewisham Core Strategy Options Report, part of the Local Development Framework.

The Core Strategy Options Report sets out the vision, objectives, strategy and policy directions that will guide future development and regeneration in the London Borough of Lewisham for the period up to 2025.

The Council is inviting comments on this document. The consultation period will run from **Tuesday 17th February to Friday 3rd April 2009**. The document is available to view on the Council's website at:

<http://consult.lewisham.gov.uk/portal>

The document is also available for inspection, free of charge, during the seven-week consultation period at the following addresses:

Planning Information Service, London Borough of Lewisham

5/F, Laurence House, 1 Catford Road, London, SE6 4SW
(Monday – Friday 8.30am – 5pm)

All Public Libraries

Blackheath Village, Catford, Crofton Park, Downham, Forest Hill, Grove Park, Lewisham, Manor House (mobile), New Cross, Sydenham, Torridon Road and Wavelengths
(During opening hours)

CD copies of the document are available from the Planning Reception at 5/F, Laurence House, 1 Catford Road, London, SE6 4SW or by post.

Comments received will be considered carefully and will be taken into account in preparing the Publication Draft Core Strategy. The Council will inform you when the Core Strategy is submitted to the Secretary of State if you have asked to be kept informed.

Appendix 9 Deptford consultation information

Local Development Framework – Core Strategy

What is the Local Development Framework (LDF) Core Strategy?

The LDF Core Strategy is the Council's new planning policy document that will be used to guide development in the borough over the next 15 years. It will also be used to determine all planning applications in the Borough of Lewisham. The LDF, Core Strategy is currently being prepared by the Council.

Some early consultation has already take place; but now the Council is consulting on the preferred locations for the homes and jobs that are needed over the next 15 years.

Why is this consultation important for North Deptford?

The North Deptford area contains a number of large sites that have so far been solely used for business (services and manufacturing) purposes. The current LDF- Core Strategy Options - consultation asks whether these sites should be re-developed for a mix of new uses including employment, housing and other community facilities.

Have your say on the different options

There are two options put forward in the LDF Core Strategy consultation:

Option 1 – Include North Deptford sites as appropriate for homes and jobs in mixed use re-development along with regeneration in Lewisham and Catford town centres. The Council believes this would bring investment to the area which would enable local environmental improvements to be made.

Option 2 – Do not include North Deptford sites as appropriate for mixed use regeneration and growth. This should be limited to Lewisham and Catford town centres. This would protect the relatively low grade employment land uses currently in the area.

Also, if you feel there are other options you can suggest your ideas.

How do I comment?

A leaflet is available from the Council where you can express your views. Please call Planning Policy on 020 8314 8774, or email Planning@lewisham.gov.uk where more details are available.

What happens next?

The Council will be consulting widely on the future of North Deptford and the rest of the borough as part of the Core Strategy Options later this year and early next year. There are still several stages of preparation to go before the Council can adopt the Core Strategy, including a Public Enquiry, but it is hoped that the key part of the LDF, the Core Strategy will be adopted in 2010.
