Foreword

The purpose of the Management Report is to place on record each month, in a consistent format, our performance against priorities. Each month we attempt to give a full account of what is being done, what has been achieved and which areas require additional management attention to secure future achievements. The report gives some coverage to the effectiveness of our partnership working. Reporting on performance is always double edged. We have high ambitions and targets which are set to stretch management and staff effort. So, there are areas where the need for greater management attention is highlighted.

The report focuses on the Council's performance in line with our corporate priorities, drawing data from performance indicators (PIs), project monitoring information, risk register assessments and financial reports. A dashboard summary on Page 4, presents an overall picture on one page using a Red, Amber, Green rating. The overall dashboard rating for this month shows there are 11 Green ratings, 10 Amber ratings and 10 Red ratings.

NOTE: This management report contains a new set of indicators and thus direct comparisons with previous months are not possible.

Performance: Performance is being reported for April 2015. There are 11 performance indicators (58 per cent) reported as Green or Amber against target, and 9 (47 per cent) are showing an upward direction of travel. There are 8 performance indicators (42 per cent) reported as Red against target and 8 performance indicators (42 per cent) which have a Red direction of travel. There are 4 indicators that have missing performance data.

Projects: Projects are being reported for May 2015. There are no changes to the projects summary dashboard this month. There are no red projects this month.

Risks: Risks are being reported for March 2015. There are no changes to the risk dashboard this month. There are red dashboard ratings for risk for Priority 7, Protection of Children; Priority 8, Caring for Adults and Older People; and Priority 10, Inspiring Efficiency, Effectiveness and Equity. There are nine red corporate risks - ICT infrastructure is not fit for purpose and/or does not meet business needs; non compliance with Health & Safety legislation; financial failure and inability to maintain service delivery within a balanced budget; loss of a strategic asset or premises through failure to maintain it in a safe and effective condition; failure of safeguarding arrangement; loss of constructive employee relations; information governance failure; failure to maintain sufficient management capacity and capability to deliver business as usual and implement transformational change; and strategic programme to develop and implement transformational change does not deliver.

Finance: The financial outturn for 2014/15 has been finalised. However, budgets for 2015/16 have not been finalised and as such they are re-reported for this month. The directorates' net general fund revenue budget was overspent by £9.1m and after applying the corporately held sum of £3.9m for 'risks and other pressures' this reduced the overspend to £5.2m. The Housing Revenue Account (HRA) was spent to budget. Council Tax collection for the year was 95.1%. This was a slight improvement on last year and above the 'in year' key performance target of 94.5%. Business Rates collection was 99.4% against a collection target for the year of 99.0%. Capital expenditure for the year was £122.6m. This represents 89% of the revised forecasted year-end expenditure budget of £137.3m. The Dedicated Schools Grant (DSG) of £269.3m was spent to budget.

Barry Quirk, Chief Executive
16 June 2015

NOTE: This management report contains a new set of indicators and thus direct comparisons with previous months are not possible.

Performance

This report contains April 2015 performance data, and finds that 11 indicators are reported as Green or Amber against target, which is down from 37 last month. In April 2015, 8 indicators are reported as Red against target. There are 4 indicators with missing data in April 2015.

Direction of Travel

A total of 9 indicators show an upward trend in April 2015. There are 8 indicators with a red direction of travel in April 2015. In April 2015, 4 indicators had missing data.

N.B. direction of travel is the change in performance and is measured against the previous year. Therefore, changes to targets from one year to the next will affect this.

Overall Performance: Risk

Together, we will make Lewisham the best place in London to live, work and learn

Likelihood	5	10	15	20	25
	4	8	12	16	20
	3	6	9	12	15
	2	4	6	8	10
	1	2	3	4	5
	Impact				

Risk can be defined as uncertainty of outcome due to an event or an action in the future that could adversely affect an organisation's ability to achieve its business objectives and meet its strategies.

Good risk management allows an organisation to have increased confidence in achieving its desired outcomes; effectively constrain threats to acceptable levels; and take informed decisions about exploiting opportunities. Good risk management also allows stakeholders to have increased confidence in the organisation's corporate governance and ability to deliver.

In accordance with the Council's Risk Management Strategy, risk is monitored by way of risk registers. Risks are scored in terms of likelihood and impact, with a range from 1 to 5 (with 5 being the highest) and the result is plotted on a matrix (as shown) to produce the RAG rating. A target is also set and the risk registers contain action plans to manage the risks to target and these are subject to regular review by Directorate Management Teams. The risk registers are reported to the Risk Management Working Party and Internal Control Board on a quarterly basis and quarterly updates are provided in this report. The previous quarter's data will be routinely carried forward until the next quarterly update is made, unless there are matters of significance that need to specifically be brought to management's attention.

The Corporate Risk register has been refreshed to ensure that all risks are more clearly defined and accurately reflect the underlying risks. All of the action plans within the registers now have clear deadlines for completion. There are 21 risks in total on the Corporate Risk register (9 Red, 12 Amber, and none Green).

Alignment of directorate to corporate risks is regularly analysed and reported to the Internal Control Board. Analysis of the alignment of risks identified in business plans to the directorate registers is progressing.

The refreshed Risk Management Strategy and Policy were approved by the Internal Control Board in February 2014 and the Audit Panel in March 2014.

The budget planning and savings proposal guidance requires the risks of proposed changes to be identified. This detail will be monitored and used to inform business plan risks.

There is one change to status in the Corporate Risk Register this quarter. The Strategic Asset risk has been increased from Amber to Red due to the results of a review of compliance in the commercial estate.

A section covering achievements and risks contained in the Annual Governance Statement will be added to the Council's next Annual Report. The report will also recognise the significant challenges ahead.

Overall Performance: Risk

Together, we will make Lewisham the best place in London to live, work and learn

Red (Corporate Register)

Corporate priority	Risk name	Current status
10	2. ICT infrastructure is not fit for purpose and/or does not meet business needs Significant change is happening with complex systems which could have a significant impact if a problem arises. Draft ICT Strategy reported to PASC prior to reporting to M&C.	▲
10	4. Non-compliance with Health & Safety Legislation Health & Safety training programme now in place. Awareness and reinforcement to continue. Training take-up and investment to be monitored throughout the year.	▲
10	6. Financial Failure and inability to maintain service delivery within a balanced budget Focused management action is being taken on budget pressures with Directorate Expenditure Panels operating for all budgets. Lewisham Futures Board established and work reported to members in June 2014. Detailed proposals for savings for 2015/16 (£42m required) will be put forward for decision between July and December 2014.	▲
10	15. Loss of a strategic asset or premises through failure to maintain it in a safe and effective condition A review of compliance on the commercial estate has completed. Report awaited - expecting 47% compliance across estate. Work for schools maintenance programme out to tender.	▲
7, 8	18. Failure of safeguarding arrangement. Regular and ongoing management action and review continues in respect of safeguarding. However, the risk of avoidable death or serious injury to client or employee will continually be rated red due to the potential severity should an event occur.	▲
10	19. Loss of constructive employee relations Risk around consultations for changes, in particular to pensions and terms and conditions proposals. Work is continuing on engagement with the Trade Unions and staff consultation programme. Arrangements are in place to manage issues within established industrial relations mechanisms.	▲
10	21. Information governance failure. Asset information audits will continue. Information Governance guidance will be developed.	▲
10	24. Failure to maintain sufficient management capacity & capability to deliver business as usual and implement transformational changes. This risk recognises the risk of strain on management capacity and capability with continuing headcount reductions, increasing management soans and significant changes to ways of working. Declining budgets, changing demand and pressures, new technologies and a different community role under the Localism Act drive risk of a decline in flexibility and duality of service due to insufficient time or resource. Consideration of capacity and capability and succession planning are all indicated in the 'STAR' service planning model. Dedicated transformation teams support service changes Council -wide.	▲
10	30. Strategic programme to develop and implement transformational change does not deliver Reviews across key services to implement transformational changes in current climate of austerity.	▲

The financial outturn for 2014/15 has been finalised. However, budgets for 2015/16 have not been finalised and as such they are re-reported for this month.

The directorates' net general fund revenue budget was overspent by £9.1m and after applying the corporately held sum of £3.9m for 'risks and other pressures' this reduced the overspend to £5.2m.

The Housing Revenue Account (HRA) was spent to budget. Council Tax collection for the year was 95.1%. This was a slight improvement on last year and above the 'in year' key performance target of 94.5%. Business Rates collection was 99.4% against a collection target for the year of 99.0%. Capital expenditure for the year was £122.6m. This represents 89% of the revised forecasted year-end expenditure budget of £137.3m. The Dedicated Schools Grant (DSG) of £269.3m was spent to budget.

The following 'Hot Topics' are being reported for May 2015:

Business awards for five local businesses

Five local businesses have won awards in the latest round of the Lewisham Business Awards. South East London Tennis CIC won a Social Enterprise award. The business offers inclusive, affordable and quality tennis coaching sessions in Ladywell Fields for children aged four years and above as well as adults. Currently there are 188 children and adults who regularly participate in the programme and the business has developed a number of partnerships which enable them to offer free tennis to primary and secondary schools in the borough. The judges noted the business's effective use of the 'underused courts' in Ladywell Fields, the popularity of their summer programme with parents and children and their working partnerships with the borough's parks contractor Glendale and the Council's community services directorate.

Register for the Lewisham Job Fair

Job seekers in Lewisham are invited to register for the 2015 Lewisham Job Fair taking place on Thursday 11 June, 12 noon–8pm and Friday 12 June 11am–4pm at the Civic Suite in Catford. The Job Fair will provide a one-stop shop for a wide range of Lewisham residents aged 16 and over looking for employment, apprenticeships and work experience as well as advice on careers, training, development and education. National exhibitors at the Job Fair will include the National Apprenticeships Service and the National Careers Service.

New enterprise hubs

Local entrepreneurs and small businesses working in the digital media, creative, business or social enterprise sectors are being invited to help design the new enterprise hubs due to open in Catford, Deptford and Ladywell in early 2016. The council has appointed Studio TILT, an industry leader in coworking and innovative workplace design, to help develop the hubs. The free co-design workshop will be held in the Old Town Hall, Catford SE6 4RU on Wednesday 10 June from 5–8pm to get a better insight into what space, services and facilities are needed.

People's Day 2015

People's Day returns to Mountsfield Park, Catford on Saturday 11 July. Now in its 31st year, festival goers can once again expect to be well entertained throughout the day by a succession of some of the best talent to be found in Lewisham and south east London, including Grammy nominated music star Tippa Irie. Other attractions include international food stalls, refreshment tents, a craft market, a kid's zone, community garden, funfair and a big new playground. There will also be bread baking (to take home), swing dancing at a gramophone disco, racquet-making followed by a game of tennis, a Zumba class, summer seeds pot planting, the chance to join a Samba procession, make a giant flower sculpture, meet a massive meerkat and pose in a photo booth.

2. Young People's Achievement and Involvement

Raising educational attainment and improving facilities for young people through partnership working

LPZ749 - comment

Responsible Officer	Performance Comments	Action Plan Comments
Head of Environment	<p>Performance</p> <p>This indicator measures the percentage of roads and streets that are of an acceptable cleanliness for litter across all land classes. The service achieved 78.62% during April, falling below the target.</p>	<p>Performance Action Plan</p> <p>The borough is inspected on a monthly basis and all land classes are included in the sample in each survey period. A total of 900 transects (roughly measured areas) have to be inspected over the year. So although outturns are provided for each month of the survey, these will vary depending on areas inspected. The full year's data is required to achieve the average percentage across the borough. The use of inspection data to analyse trends as well as regular meetings with the Cleansing Managers has ensured that the service is aware of any issues as they arise and prompt action is taken.</p>

4. Safety, Security and Visible Presence

Improving Partnership working with the police and others and using the Council's powers to combat anti-social behaviour

Responsible Officer	Performance Comments	Action Plan Comments
Director of Children's Social Care	<p>Performance</p> <p>Performance as at 30 April 2015 was 10.2% (for the last 12 months) and close to target 9.0%. However, each time a child goes 'missing' from their foster or residential placement it is counted as a placement move. Excluding the 'missing' placements, the actual percentage with 3 or more placement moves in the last 12 months is 7.2%.</p>	<p>Performance Action Plan</p> <p>The Care Planning Panel continues to monitor all new requests for placements and, where necessary, suggests additional support packages to prevent placement breakdowns.</p> <p>Placement moves can be necessary for various reasons, some of which are positive for example: to live with adoptive families. The children and young people within the remaining three or more placements group display some very challenging behaviours and complex needs.</p>

Exploring potential for shared services as a means of delivering savings. 	Risk - When is it going to be completed? <ol style="list-style-type: none"> 1. June 2015

Appendix A - Performance Scoring Methodology

Together we will make Lewisham the best place in London to live, work and learn

Performance

Performance can be measured using two methods. Firstly, current performance is appraised against past performance to assess “direction of travel” – is it improving or worsening? Secondly, performance can be measured against a norm, standard or target.

Areas for management attention are determined by considering performance against the following 2 elements - Against target and Direction of Travel (DoT) against the previous years outturn (in this case March 2014). If both of these elements are red we consider that the indicator should be flagged as an area for management attention.

The Council has aims and objectives as an organisation responsible for securing local public services. But it also has wider aims to work in partnership with other organisations (in the public, private and community sectors) to improve Lewisham as a place to live. It is therefore essential that our PIs not only measure our organisational and service performance against the Council’s corporate priorities but also evaluate our efforts to achieve improvements through partnership working. These wider aims are described in Lewisham’s Sustainable Community Strategy. A summary on performance can be found in the ‘Overall Performance summary’ at front of the Executive Summary report.

Data Quality Policy

The Council has a Data Quality Policy which is adhered to and sets out the corporate data quality objectives. Directorates also have a statement of data quality and a data quality action plan.

Appendix B - Projects, Risk & Finance Scoring Methodology

Projects

Together we will make Lewisham the best place in London to live, work and learn

Project status is recorded using a red / amber / green traffic light reporting system.

Red: Projects considered to be at significant risk of late delivery, of overspending or of not achieving their primary objectives. Project likely to be facing issues or uncertainties e.g. funding concerns, lack of clarity over scope / costs, other significant risks not yet under effective control. Sheer scale of a project, its complexity and overall risk level can also attract a red rating.

Amber: Projects considered to be at moderate risk of late delivery, of overspending or of not achieving some objectives. Issues may have been escalated outside the project team, but likely that these can be resolved e.g. resources will be identified to deal with moderate changes to costs or scope.

Green: Project considered to be on time, on budget, with current risks being managed effectively within the project structure.

Risk

Risks are scored in terms of likelihood and impact, with a range from 1 to 5 (with 5 being the highest) and the result is plotted on a matrix (as shown on the Overall Performance: Risk page) to produce the RAG rating. A target is also set and the risk registers contain action plans to manage the risks to target and these are subject to regular review by Directorate Management Teams. The risk registers are reported to the Risk Management Working Party and Internal Control Board on a quarterly basis and quarterly updates are provided in this report.

Finance

Financial monitoring is recorded using a red/amber/green traffic light reporting system.

Net expenditure on the priority is forecast to vary from budget by either:-

Red - more than £0.5m or 2.5% overspent or more than £10m or 50% underspent

Amber - more than £0.1m and less than £0.5m or by more than 1% and less than 2.5% overspent or more than £5m and less than £10m or by more than 25% and less than 50% underspent

Green - up to £0.1m or up to 1% overspent or up to £5m or up to 25% underspent

The Executive Management Team will take into account:-

(i) The performance of the housing part of the Capital Programme in assessing the traffic light for Decent Homes;

(ii) The overall financial position on revenue and capital in assessing the traffic light for 'Inspiring Efficiency, Effectiveness & Equity'.

The methodologies for Projects, Risk and Finance outlined above will be reviewed annually at the end of the financial year as part of the review of this report and the target setting process for performance indicators. The text above will be subject to change at this point.
