Beckenham Place Park	TQ 38333 70731	Sand spurry (2) <i>Spergularia rubra</i>	
Beckenham Place Park	TQ 38215 70210	Yellow rattle (1) <i>Rhinanthus minor</i>	
Blackheath	TQ 39297 76523	Birdsfoot (2) <i>Ornithopus perpusillus</i>	

Site Name	Grid Reference	Common and Latin name	Photo
Blackheath	TQ 39075 76493	Spring beauty (3) <i>Claytonia perfoliata</i>	 <p>A photograph of a Spring beauty (Claytonia perfoliata) plant. The plant has a central rosette of green leaves with rounded, slightly lobed leaves. Several thin, upright stems rise from the center, some bearing small white flowers. The plant is growing in a dark, moist soil area, possibly near a stream or in a shaded woodland. A timestamp '30/04/2015 13:17' is visible in the bottom right corner of the photo.</p>
Blythe Hill Fields	TQ 36691 73762	Corky-fruited water dropwort (2) <i>Oenanthe pimpinelloides</i>	 <p>A photograph of a Corky-fruited water dropwort (Oenanthe pimpinelloides) plant. The plant features several upright, slender stems with narrow, linear leaves. At the top of the stems are clusters of small, white, five-petaled flowers. The plant is growing in a grassy area with other vegetation in the background.</p>
Bridgehouse Meadows	TQ 35427 77568	kidney vetch (2) <i>Anthyllis vulneraria</i>	 <p>A photograph of a kidney vetch (Anthyllis vulneraria) plant. The plant has several upright stems with narrow, linear leaves. At the top of the stems are clusters of small, yellow flowers. The plant is growing in a grassy area with other vegetation in the background.</p>
