1. Introduction

1.1. Introduction to Lewisham’s Allocation Policy

This Allocation Policy determines who is eligible for social housing in Lewisham and the priority they should receive. Eligible applicants are placed on a “Housing Register”, and their priority is determined based on their current housing situation.

Priority is awarded by placing applicants in Priority Bands. The Bands are:

- Band 1: Emergency Priority
- Band 2: High Priority
- Band 3: Medium Priority
- Band 4: Low Priority.

The higher the Band, the quicker an applicant can expect to be offered a property to move into. Unless exceptional circumstances apply, within Bands those who have been in that Band or on the Housing Register the longest will be prioritised first.

Everyone on the Housing Register has a reason for wanting to move, but in general we can only offer homes to those in the greatest need. We must comply with the law, which says that we must give “reasonable preference” to certain groups of people.

Our overall objectives in designing this updated Allocation Policy have been to make sure that it is fair, efficient, flexible, and responds to the housing needs of the borough.

This Allocation Policy has been written to comply with the provisions of Part 6 of the Housing Act 1996 as amended by the Homelessness Act 2002 and the Localism Act 2011. It also takes into account the Code of Guidance on Allocations June 2012 as revised, most recently in July 2021, Supplementary Guidance December 2013 Providing social housing for local people, March 2015 Right to Move and November 2018 Improving Access to Social Housing for Victims of Domestic Abuse and the Domestic Abuse Act 2021. It has been drafted in line with the Council’s Housing Strategy and Tenancy Strategy, the London Housing Strategy and in accordance with the Council’s equality duties.

1.1.1. How long will I have to wait for a home?

In Lewisham, there are many more people who need or who want to move than there are homes available for them to move to. There are over 10,000 households on the Housing Register, which is growing year on year, but the number of properties available to let is around 1,000 per year.

We operate a Choice Based Lettings Scheme called Lewisham FindYourHome. Choice Based Lettings means that applicants can express an interest in the homes they wish to be considered for. However, in reality, the shortage of housing is so severe that applicants who are restrictive about their choices may not be able to find the housing they need. In some circumstances we will directly allocate properties to those groups we consider to be in most urgent need.

How long you will have to wait for a property will depend on a number of factors, including:

- The priority you are allocated on the Housing Register
- The size of the property you require
- The location and the type of property you are looking for.

The Council will periodically update the [Council webpage](#) with details of how long applicants may be required to wait.

1.1.2. What sort of properties are available to applicants?

Lewisham Council and our Housing Association partners have agreed to offer all our available homes to people registered on the Housing Register. We will also use this policy to let other Housing Association properties over which we acquire nomination rights. In this policy, we refer to the landlords who work with us in this way as our “Partner Landlords”. If you have indicated on your application form that you are interested in Housing Association properties, you may also receive an offer from a

Housing Association who is not in partnership with us, but with whom we have nomination rights.

1.1.3. What sort of tenancy will I have in an allocated property?

If you are allocated a tenancy or nominated for a Housing Association tenancy, this is likely to be a probationary or introductory tenancy (sometimes also called a “starter tenancy”) to begin with. Unless steps are taken to end it within the probationary period, usually a year, this will be converted into a full secure or assured tenancy after the probationary period.

Under the Localism Act 2011, local housing authorities and Housing Associations are able to grant fixed term tenancies called “flexible tenancies” instead of the traditional “lifetime tenancies”. Lewisham’s aim is to retain full security of tenure where possible. If flexible tenancies are allocated, Lewisham’s aim is that these should be for a minimum of 5 years, and that lifetime tenancies would continue to be granted to the over 65’s and people with serious permanent physical or mental vulnerabilities. Where a fixed term tenancy is given to a family with children we would aim to see the length of tenancy match the 21st birthday of the youngest child.

1.2. Your options

You are strongly recommended to consider all possible options for your future housing. Even if you are awarded a high priority under this Allocation Policy, other options may still meet your needs more quickly. Our Housing Officers will discuss this with you.

Options include:

- **Privately rented housing-** You can contact local lettings agents and use local newspapers to find privately rented properties.
<https://lewisham.gov.uk/myservices/housing/get-housing-support/renting>.
- **Low cost home ownership-** There are schemes to help you to buy a home of your own. If you are in regular employment, you may be eligible for one of these schemes. There are income limits, so you need to look at www.housing.org.uk for more information. They include properties built especially for low cost home ownership and properties available on the open market.
<https://lewisham.gov.uk/myservices/housing/affordable-ways-to-buy-a-home>
- **Homefinder UK-** This platform allows applicants to bid for social housing elsewhere in the UK provided they meet the relevant criteria - [Homefinder UK | Homefinder](#)
- **Staying where you are now but getting help to make the property more suitable for your needs-** If your current property is in disrepair and you are experiencing difficulties with your landlord, or you require adaptations to make your home more suitable for your needs, support may be available. If you live in a privately rented property, please contact the Environmental Health Residential Team at pshe@lewisham.gov.uk for assistance. If you are a Lewisham Council tenant, further information about repairs, and aids and adaptations can be found on the [Lewisham Council Repairs](#) webpage.

You may also be eligible for grant assistance to help you remain where you are. Please contact the team at gateway@lewisham.gov.uk; or housingassistance@lewisham.gov.uk for more details.

- **A mutual exchange-** This is where an existing social housing tenant agrees to swap homes with the Council's consent. There are rules about the size of home you can move to. If you are an existing tenant you should consider registering for a mutual exchange even if you need a different size property to the one you are in now. Further information can be found at: [Lewisham Council - Swap your home with another social housing tenant](#)
- **Fresh Start-** This scheme helps households who want to relocate to different parts of the country find accommodation in the private sector. It is particularly aimed at those on the Housing Register that are overcrowded or homeless. Lewisham Council - [Lewisham Council - Move from social housing into private renting](#)
- **Seaside and Country Homes-** This scheme offers mobility to people living in Council and Housing Association homes in Greater London looking to move to seaside and country towns. It is open to single Londoners aged over 55, or couples where at least one partner is aged over 55- [Seaside and Country Homes scheme | London City Hall](#)
- **Housing Moves-** The Mayor's Housing Moves scheme enables Council or Housing Association tenants in any of London's boroughs who are victims/ survivors of domestic abuse, or former rough sleepers, to be considered for housing vacancies in another London borough. [Housing Moves scheme | London City Hall](#)

Our officers or your landlord will advise you on options that may be suitable for you. They can also give you general advice about how realistic your chances of being offered a Council or Housing Association home might be. It is very difficult to tell you how long you may have to wait for a property. Estimated minimum waiting times are updated on our website: [Lewisham Council - Applying for social housing](#)

1.2.1. Your options if you are homeless or at risk of homelessness

If you are already homeless or think you may be going to lose your home, you should contact the Council's Housing Options Service. It is important that you talk to us as soon as possible – we may be able to help you to keep your current home or help you to avoid becoming homeless. The earlier you contact us the more chance we have of helping you to avoid becoming homeless. You can call the Housing Options Centre (HOC) on 020 8314 7007 or apply for assistance through our [website](#).

If you do become homeless, you may face a long period of time in temporary accommodation before being housed. The Council will work with you to find longer-term housing, either in the private sector or in social housing.

1.2.2. Your options if you are hospitalised, in prison or in another institution

If you are in hospital, prison or another institution you can still apply for housing. The Council offers assistance to tenants who are in hospital or in other institutions to help them retain their housing options when they are discharged. Further information on this topic is provided in section 2.5.3 (Former Council or Partner Landlord tenants leaving institutions).

The Council also has arrangements in place to assist those who cannot return to their home after a stay in hospital, because it is no longer suitable for their needs. This includes people who require adapted housing because they have become disabled. You should contact the Community Occupational Therapy Team to see if your existing accommodation can be made suitable for your needs.

Occupational Therapy Team: gateway@lewisham.gov.uk, 020 8314 7777

1.2.3. Your options if you are suffering from domestic abuse

If you are suffering from domestic abuse we will work with you to try to identify the best solution for you. This may include giving you support to remain in your current home and excluding the perpetrator. If you are experiencing domestic abuse you should seek advice from your landlord, Refuge or the Housing Options Service.

There are a number of initiatives the Council supports which may enable you to stay in your home. These include:

- Advice on Agencies who can access to floating support services for victims of domestic abuse
- Advice on legal remedies such as injunctions
- Lewisham Council's *Sanctuary Scheme*, delivered in partnership with Refuge- This scheme is designed to improve the safety of domestic abuse survivors by enabling them to remain in their own homes while enhancing their sense of security. It offers a range of practical security measures- such as changing locks and installing additional protective features- to reduce the risk of further harm and support survivors in feeling safer within their familiar environment.

Social housing tenants of the Lewisham FindYourHome partnership living in Lewisham who cannot remain in their home due to domestic abuse may be awarded Emergency Priority by Emergency Housing Panel under 2.5.2 below. All other victims of domestic abuse may still be owed the main housing duty under section 193 of the Housing Act 1996 and therefore be exempt from the residence requirement under 2.2.2 below.

1.2.4. Your options if you are suffering harassment and anti-social behaviour

The Council and its Partner Landlords will not tolerate sexual, racial, homophobic or disability related harassment.

Wherever possible, a landlord will seek to resolve issues of anti-social behaviour and harassment by taking action against the perpetrator, rather than moving the tenant. It is, however, recognised that in extreme cases it is no longer safe for the tenant to remain in the property. In very exceptional cases, such as where the police believe that there is a serious danger to you in remaining in the home, your case will be assessed in accordance with the Emergency Move for Social Housing Tenants Protocol.

1.2.5. Options for single people

The Council is committed to working with partner agencies to promote housing options for single young people and there are a number of supported housing schemes that may be suitable for your needs. For more information on how to access these

schemes please contact the Housing Options Centre at HousingOptionsEnquiry@lewisham.gov.uk

1.2.6. Options for young people

There are particular legal and practical difficulties letting accommodation to 16 and 17 year olds, which have led us to decide not to allocate social housing to persons under 18 years of age. We are of the view that these difficulties, and the potential problems and costs which they give rise to, outweigh any reasonable preference a 16 or 17 year old may have for an allocation of accommodation- up until their 18th birthday.

1.3. What properties are excluded from this policy?

This policy covers all Council and Partner Landlord properties, and other properties over which the Council has nomination rights that are available to let on introductory, secure, assured tenancies, and includes flexible tenancies and those let under the affordable rented regime (up to 80% of market rents), except for:

- Statutory rights of succession to a tenancy on the death of the original tenant
- When an introductory tenancy becomes a secure tenancy at the end of the probationary period
- Where a Court makes a decision about a tenancy (such as an order under the Children Act)
- Where we let a property directly to someone who needs temporary accommodation only. This may include people who need to move out for a while whilst refurbishment is carried out (known as a “temporary decant”), but does not include permanent decants
- Where the tenant is returning to the property after refurbishment or improvement
- Mutual exchanges
- Tenancies granted under section 39 of the Land Compensation Act 1973 or sections 554 and 555 of the Housing Act 1985
- A letting to a person who lawfully occupies a family intervention tenancy
- Properties given to other authorities to advertise via sub-regional agreements
- Renewal of a flexible tenancy

1.4. Equality and diversity

Lewisham is home to people from a wide range of backgrounds, from many communities. This Allocation Policy contributes to our aspirations for making Lewisham a good place to live, work and learn for people of all communities. In our Corporate Strategy 2018-22, we committed to creating an “Open Lewisham”, making sure that Lewisham is a place where diversity and cultural heritage is recognised as a strength and celebrated. This means that we are trying to ensure that no section of the community should be excluded from the benefits and opportunities available, and that we have regard to the need to eliminate discrimination, harassment and victimization, the need to advance equality of opportunity and to foster good relations between minority groups and others. We will operate the Allocation Policy equally to everyone who applies to or is on the Housing Register, regardless of their race, gender, gender reassignment, disability, age, sexual orientation, marital or civil partnership status, pregnancy or maternity, religion or belief. We are committed to delivering quality services to all. An Equality Analysis Assessment was carried out in relation to the Housing Allocation Policy review in 2021.

1.5. Who can you contact for advice, or to make a complaint?

If you want to join the Housing Register you can do this by referring to our information on the website, www.lewisham.gov.uk or <http://www.lewisham.gov.uk/myservices/housing/find/Pages/Apply-for-social-housing.aspx>

If you are vulnerable (for example you are elderly, have a learning or other disability, or do not have the ability to read English or another language) and are not presently a social housing tenant, we can assist you in accessing housing and bidding for properties. The Housing Register Assessment & Allocations Support Officer based in the Housing Register Assessment & Allocations Service assists applicants to engage with the choice-based lettings system and can assist clients with bidding. Please contact the Allocations & Lettings service for further information on 020 8314 7007 or FindYourHomeSupportOfficer@lewisham.gov.uk

If you are a vulnerable applicant who is currently in social housing you should seek assistance from your landlord.

1.6. What to do if you disagree with our decisions

If we make a decision about your housing application that you do not agree with, you can ask for a review within 21 days of the decision being notified to you. Your request should be in writing and should give us as much information as possible. You should write to: housingregisterappeals@lewisham.gov.uk

If you are a tenant of one of the social housing providers in Lewisham Find Your Home Partnership and your application was assessed by your landlord, they will respond to your appeal request.

If you need help in making a request, you can contact our officers or other advice centres, such as the Citizen Advice Bureau (www.citizenadvice.org.uk) who will be able to assist you in submitting your review.

We will give you a response as soon as possible and aim to reach a decision within 56 days of receiving your request. We will tell you how we made our decision. A decision will always be reviewed by someone who did not make that decision. We will tell you who has reviewed the decision.

2. The Allocation Policy

2.1. Who can join the Housing Register?

Anyone aged sixteen or above can join the Housing Register, unless you are ineligible or disqualified. You will be ineligible if you are:

- A person that the Government says cannot be on the register (this includes people who are subject to immigration control and do not have permission to be in the UK, or whose immigration status does not allow them to benefit from government help). These rules are summarised in section 2.1.1.

However, if you are aged 16 or 17 you will be able to register but you will not be offered a property until you are 18 years old.

2.1.1. Ineligible because of immigration status

The Government says that in general we cannot allocate housing to persons who need leave to enter or remain in the UK – and this applies to all persons except British citizens and persons with a right to reside in the UK under European law.

The full scope of who the Government states we cannot allocate housing to is found in the Homelessness Code of Guidance: [Homelessness code of guidance for local authorities - Chapter 7: Eligibility for assistance - Guidance - GOV.UK](#)

2.1.2. Eligibility Exemption- Evacuated British Nationals

In line with emergency statutory regulations effective from 18 July 2025, Lewisham Council treats British nationals and otherwise eligible persons evacuated from countries or territories affected by a recognised crisis or conflict as exempt from the Habitual Residence Test (HRT).

This exemption applies where:

- The applicant was evacuated from a country where the UK Government advised nationals to leave or arranged evacuation, and
- The application for assistance is submitted within 6 months of the official advice to leave or evacuation date.

Eligible evacuees must still meet all other qualification and eligibility criteria, unless otherwise exempt.

2.2. Disqualification from the Housing Register or from receiving an offer

We have identified certain groups of applicants to whom we will not normally allocate housing. Such applicants are either disqualified from being on the Housing Register or are disqualified from receiving an offer (although they are allowed to be on the Housing Register). We believe this is a fair approach, given the severe shortage of housing in the borough and the need to reserve scarce social housing for those groups who the Council considers to be the highest priority.

The Council considers that the factors set out in the grounds for disqualification below will ordinarily outweigh any reasonable preference to which an applicant is entitled.

We also disqualify certain applicants in accordance with our One Offer Policy, following the refusal of an offer of housing, as explained below at section 2.2.3.

We also disqualify certain applicants in accordance with our Two Offer Policy, following the refusal of two offers from the Housing Register, as explained below at section 2.2.4.

In addition, we will disqualify applications for two years where false information has been supplied in connection with the application, see section 3.1.2 below.

Some grounds of disqualification do not apply to- homeless persons to whom the Council owes the main housing duty under section 193 of the Housing Act 1996; transfer applications

from existing secure tenants of the Council; or existing secure or assured tenants of our Partner Landlords. These are specified below.

The effect of being disqualified from the Housing Register is that your application will be cancelled. During the period of disqualification you will be unable to reapply. When the period of disqualification comes to an end, if you wish to pursue your application again, you will have to reapply. Your application will be taken to have been made on the date of your reapplication.

If you are disqualified but another person in your household qualifies, they may be able to join the Housing Register. The Council may grant a joint tenancy to you and that other household member, but we would normally allocate joint tenancies only to the applicant and their spouse or civil partner.

Further details on disqualification from receiving an offer are provided at section 2.2.5 below.

2.2.1. If you have significant financial resources

If you or another member of your household has sufficient financial resources, including assets such as property, which could be used to resolve your own housing difficulties without the help of the Council, you will be disqualified from the Housing Register for so long as your household's income or assets exceed the limits.

The limits are as follows:

Household gross annual income of £50,000 or more Household savings or assets of £16,000 or more.

We will also disqualify your application for a period of six months from the date of our decision if we are satisfied that you, or a member of your household has deliberately foregone income or disposed of savings or other assets for the purpose of pursuing an application for housing.

This does not apply to homeless persons to whom the Council owes the main housing duty under section 193 of the Housing Act 1996; transfer applications from existing secure tenants of the Council or secure or assured tenants of our Partner Landlords; or leaseholders where the Council is buying back as part of a decant programme.

2.2.2. If you do not have a local connection to Lewisham

If you do not have a local connection to Lewisham your application will be disqualified for so long as you do not meet the criteria set out below.

Local connection means that:

- You are currently resident in Lewisham and have been resident for a period of 5 consecutive years;
- The Council have accepted that they owe you the main housing duty under section 193 of the Housing Act 1996 (as amended by the Homelessness Act 2002) and you have been placed in temporary accommodation by the Council;
- You need to move to Lewisham for work, and will suffer hardship if you cannot move:
 - You need to move to Lewisham to take up an offer of employment or to sustain your employment in Lewisham; and

- In either case, the work is not short-term, marginal or ancillary or voluntary work
- You give or receive care or support from a family member who is already normally resident in Lewisham. For further information of what is meant by “giving and receiving care or support” please see section 3.1.1.
- You and your household are Gypsies, Roma or Travellers and you have not been resident in Lewisham for a period of 5 consecutive years because you adhere to a traditional migratory culture.
- You are a person recorded by the Secretary of State as a refugee and you have not been a resident in Lewisham for a period of 5 consecutive years for reasons connected with your status as a refugee.

If you have recently left prison or other institution, we will consider whether or not you have a local connection bearing in mind where you were living before you were imprisoned or institutionalised and whether you have family and other connections in the Borough.

We will ask you for evidence of your local connection with your application. This may include proof of residence, evidence from your employer or a social care assessment.

This ground of disqualification does not apply to- transfer applications from existing secure tenants of the Council or existing secure or assured tenants of our Partner Landlords and applicants nominated via sub-regional and pan-London agreements. Also, in accordance with the statutory guidance [“Providing Social Housing for Local People”](#) (published 10 July 2025), the following applicants are exempt from the local connection test:

- Individuals currently serving or who have previously served in the Regular Armed Forces;
- Bereaved spouses or civil partners of those who served in the Regular Armed Forces, where:
 - The bereaved individual has recently ceased, or will cease, to be entitled to reside in Ministry of Defence accommodation following the death of their spouse or civil partner; and
 - The death was wholly or partly attributable to their service;
- Current or former members of the Reserve Forces who are suffering from a serious injury, illness, or disability that is wholly or partly attributable to their service;
- Care leavers under the age of 25;
- Victims of domestic abuse.

2.2.3. One Offer Policy

Certain categories of applicants are covered by the Council’s One Offer Policy. They are set out in the table at 2.5.1 below.

The Council may auto-bid on your behalf. An auto-bid may be made for any property, provided it is suitable, considering the Council’s size standards and any medical recommendation. There is a full explanation of the auto-bidding process at paragraph 3.1.9

If an applicant refuses an offer under the Council's One Offer Policy, and that offer is upheld as suitable on review, their application will be cancelled and they will be disqualified for a period of 12 months, following which they will need to make a new application which will be assessed on their current circumstances (see 2.2 above). For those living in temporary accommodation this could result in eviction from the property and a need to make their own arrangements.

2.2.4. Two Offer Policy

All applicants who are not subject to the One Offer Policy are subject to the Two Offer Policy, except Decants awarded Starred Decant Priority: see section 3.3.3.

If an applicant fails to attend a viewing, accept an offer or sign a tenancy agreement of two successive properties offered to them under this Housing Allocation Policy, they will be disqualified for a period of 12 months.

2.2.5. Disqualification from an offer for rent arrears

It is a policy of the Council to reduce the amount of rent arrears owed by Council tenants and tenants of our Partner Landlords. If you or a member of your household owe the Council or one of our Partner Landlords either current or former tenant rent arrears you can bid for accommodation from the Housing Register but your rent account balance must be zero before any offer of accommodation will be made. The Council's view is that the rent arrears will generally outweigh any priority for rehousing you may have. You will not be able to receive offers while you are in rent arrears, unless an offer is allowed on an exceptional basis under 2.2.8 below. If you feel your rent account is incorrect or your level of arrears has changed, you should contact your landlord to review this and you will need to submit clear evidence to satisfy us as to the correct level of arrears. No offer of accommodation will be held or made whilst you complete your enquiries.

2.2.6. Unacceptable behaviour

If your or any member of your household has been guilty of behaviour within the last two years serious enough for a local authority or Housing Association landlord to have obtained a possession order, you will normally be disqualified from the Housing Register.

Your behaviour or the behaviour of a member of your household must have been sufficiently serious for us to consider that you are unsuitable to be our tenant. If you have a demoted tenancy with the Council, because your secure tenancy has been ended due to you, or a member of your household, causing anti-social behaviour, you will not normally qualify. However, in either case you can seek to persuade the Council that in the particular circumstances of your case you are suitable to apply for rehousing despite the unacceptable behaviour. You can re-join the Housing Register following a demotion order when your secure tenancy is reinstated. However, your application date will be the date you reapply.

2.2.7. No priority

If your application is assessed as not coming within any of the Priority Bands stated at 2.5 below, your application will be disqualified and removed from the Housing

Register. This is to ensure that the Council makes efficient use of its resources and prioritises those households with the most acute need for housing.

2.2.8. Reinstatement in exceptional cases

In exceptional cases, the Council will reinstate a disqualified application despite the existence of one or more grounds of disqualification or make an offer to an applicant disqualified from receiving an offer despite the existence of rent arrears.

In order to be reinstated, an applicant must apply to the Head of Housing Needs and Refugee Services (contact details are provided at the end of this policy). They may reinstate the application or allow an offer only if satisfied that there are exceptional circumstances which justify reinstatement.

The effect of a decision to reinstate a disqualified application on the grounds of exceptional hardship will be that the application is treated as having been made on the date it was originally made, not the date on which it was reinstated.

The reinstatement of a formerly disqualified application is no guarantee that, if the applicant is nominated to another landlord, that landlord will accept the nomination.

2.2.9. Incomplete housing applications

If an online housing application is not completed within 16 weeks of initial entry it will be deleted from the Housing Register and applicants will need to submit a new application.

2.3. What happens if you are ineligible or disqualified from the Housing Register?

If we decide that you are not eligible or disqualified from the Housing Register, we will tell you why. You can ask us to review the decision. How we carry out a review of a decision is detailed in section 1.6 above.

2.4. Who can be included on your application?

We normally refer to the other persons included on your application as your “household”.

If you are homeless person to whom the Council owes the main housing duty under section 193 of the Housing Act 1996, then who you can include within your household is governed by the same rules as apply under the Housing Act 1996.

In particular, section 176 states that a homeless person’s household includes: (a) any other person who normally resides with them as a member of their family and (b) any other person who might reasonably be expected to reside with them. In cases falling under (b), it is for the Council to judge who it is reasonable to expect to live with you.

For all other applicants, you can include within your household only members of your immediate family who are normally resident with you, or who would normally live with you but cannot do so because your accommodation is not suitable for them, and other people who have a welfare need to live with you.

We will assess the size of property you require based on who is included within your household according to these rules.

As an exception to these rules, transfer applicants who are existing secure tenants of the Council or secure or assured tenants of our Partner Landlords may include within their household anyone who has been living with them for at least 12 months as a member of their family.

Immediate family means the main applicant, their spouse, civil partner or long-term partner (including same sex partners), and their children, except where those children are living with a partner (whether married or not) or have their own children. It does not include your or your partner's: parents, grandparents, brothers, sisters, aunts, uncles, grandchildren, nieces or nephews, cousins, friends or lodgers.

Other people who have a welfare need to live with you means people who we do not include within our definition of "immediate family" but who need to live with you in order to give or to receive care or support from you or a member of your immediate family – see 3.1.1.

People who live with you and fit into one of the above categories but who are ineligible (because they are subject to immigration control) means people who are part of your household but are ineligible for an allocation. They may be considered as part of your household in terms of determining the size of home that you need but cannot be granted a tenancy of that home. Further, you cannot be assessed as having priority under this Allocation Policy as a result of one or more ineligible household members who are "restricted persons" within the meaning of Part 7 of the Housing Act 1996: these persons will be disregarded for the purpose of assessing your priority. This is explained fully in the homelessness code of guidance linked in 2.1.1.

2.4.1. What happens to other people currently living with me?

You can continue to allow other people to live with you, if you choose to do so, unless by doing so you are making your home statutorily overcrowded or are breaking the terms of your tenancy or another legal duty. However, we will not take those people into account in assessing your application. This may mean that your home is overcrowded, but we do not assess you as being overcrowded under the terms of our policy.

If you are currently living as part of a larger household we can provide help and advice to the other members of the household who are not part of your immediate family to find their own accommodation. This can include referrals to our "Fresh Start" programme for young adults, or advice on other ways to find private sector accommodation, or it may include applications to the Housing Register if they are eligible to do so.

This may mean that you do not need to move, or that you need a smaller property than you think. Your chances of being rehoused are greater if you need a smaller property as we have very few four, five or six bedroom homes.

2.4.2. Family Members who are currently living elsewhere

If you are applying to include family members or other persons who are living abroad, we will not include those living abroad in your household. They will not be considered for inclusion within your household until they have arrived in the UK.

If you are applying to be reunited with family members living elsewhere in the UK (anywhere outside of Lewisham), we will consider including them within your household in accordance with the above criteria. You should also consider applying to be rehoused where they live, especially if the demand for housing is lower there.

If you share the residence or care of children with someone else (for example, under a shared residence order or contact order), we will only include the children as part of your household if you are the main care provider. We will decide who the main care provider in the first instance is by looking at who is paid child benefit or tax credits and who the children stay with for the most nights each week. If this information is inconclusive, we will consider the wider circumstances of the case. Only one parent can qualify as the main care provider for a child.

2.5. Priority bands

If you are eligible and your application is not disqualified, you may make an application to join the Housing Register.

Your application will be assessed according to the information and evidence provided and placed into a Priority Band.

You cannot be assessed as having priority under this Allocation Policy as a result of one or more ineligible household members who are “restricted persons” within the meaning of Part 7 of the Housing Act 1996: these persons will be disregarded for the purpose of assessing your priority. This is explained fully in the homelessness code of guidance linked in 2.1.1.

3. How the Policy is applied

3.1. Applying to the Housing Register

3.1.1. How can you apply to join the Housing Register?

Everyone who wants to join the Housing Register must go through the application process set out below. This is to ensure that we have the necessary information to determine your eligibility, assess your application status, prioritize your housing needs, and maintain a consistent evaluation for everyone.

You must complete the on-line housing application at <https://www.lewishamfindyourhome.org.uk/choice/>. You will be assessed to determine whether you are eligible and qualify to join the housing register. You may be invited to an interview and we will ask you for evidence to support your application. This may include proof of residence, proof of identity, proof of family relationships and evidence to support your request for inclusion in a Band. We may ask for this evidence when you register or at any point after your application has been registered. We will check whether the information and evidence we have is up to date before any offer of accommodation is able to proceed.

You must answer the questions on the form fully and ensure that you provide any evidence requested.

If you need to live with people outside your immediate family to give or receive care or support, you must explain in your application why it is necessary for you to do so. We will seek evidence of the need for care or support, such as being in receipt of a carer's allowance. If there is a need for you to live with someone, we can ask the Medical Advisors to assess this.

You may be asked to complete a Medical Form if your application gives rise to medical issues.

If you think you need specialist accommodation, you must tell us this on your application.

3.1.2. Telling the truth

You must tell the truth. It is an offence to obtain, or attempt to obtain, a tenancy by deception. Section 171 of the Housing Act 1996 makes it an offence to knowingly withhold information that we reasonably require to assess your application, or knowingly or recklessly to provide false information

in connection with the Housing Register. We will take appropriate action against anyone who gains a tenancy through knowingly providing false information. This may mean you lose your home.

If you provide false information and we discover this before you have obtained a home we will cancel your application, disqualify you from the Housing Register for a period of 2 years, and you may be liable to prosecution.

3.1.3. Use of information you supply

Please see the following relevant privacy notices to see how the information you supply in line with your application may be used/ shared:

- [Lewisham Council - Privacy statement](#)
- [Lewisham Council - Housing and Refugee Service \(Allocations and Lettings\)](#)
- [Lewisham Council - Privacy notice – Housing and Refugee Service \(Housing Options Centre\)](#)

3.1.4. Processing your application

There are two stages to verifying your housing application:

- 1st stage- We will begin processing your application once we have received all the required information. After we've assessed your application, we'll tell you which Priority Band you're in and confirm your Priority Date.
Your Priority Date is the date the Council confirms you meet the eligibility and statutory criteria for housing. This will also depend on you providing all necessary documents and the Council completing any required assessments or checks.
If your circumstances change, or you provide new information, this may result in a change to your Band or Priority Date. Once your application is activated, you will be able to start bidding on Find Your Home.
- 2nd stage- Before you can receive any offer of accommodation, you'll need to provide additional evidence to support your housing application (this stage only applies to applications made under Part VI of the Housing Act 1996).
It's your responsibility to ensure that the required information and evidence is provided in full and within a reasonable timeframe (usually 24 hours if requested at offer stage).

If you are a tenant of one of the social housing providers in the Lewisham FindYourHome Partnership and you need to transfer to another property in the borough, you will need to complete an online application form. You can find this on our website at [Lewisham FindYourHome - Login](#). Some landlords have an internal transfer scheme. If they do, then you will need to approach them directly. Once completed, your online application will be assessed by your landlord and they will advise you of the outcome.

Failure to provide the requested information and evidence in time may result in you not receiving an offer of accommodation, or any offer that has been made being withdrawn. Your application will remain suspended until you provide us with the information and evidence that we have requested.

If you have requested priority on medical grounds, your initial priority may be amended later, depending on the outcome of the assessment or the decision of the appropriate officer.

If you do not agree with our decisions, you may ask for a review. This is explained at section 1.6.

3.1.5. Keeping your application up to date

It is your responsibility to keep your housing application up to date if your circumstances change. For example, if you have a baby, a partner moves into your home, someone who lived with you moves out of your home or you change your address, telephone or email address, you are required to inform the Council about this and to provide supporting evidence.

You will need to review your application and re-register on the housing register on an annual basis. We will send a reminder to your registered e-mail address to do this. If you do not review and re-register, this may result in you not receiving offers of accommodation, or any offer that has been made being withdrawn. Your application will remain suspended until you provide us with the information and evidence that we have requested and if you fail to confirm that you still wish to proceed with your application, we will cancel it. If you wish to re-join the housing register, you will need to submit a new application, which will be reassessed. Any priority will be based on the date the new application is submitted.

You should check your spam and/or junk e-mail regularly in case any e-mail reminders are directed to these folders.

3.1.6. Medical assessments

If your case gives rise to medical issues, you will have to complete an online medical form. You should complete a separate form for each person in your household who has a medical need. The Medical Advisor will consider the information on the form along with any supporting documentation you provide, and may, if they think they need to, contact your GP, other doctors involved in your care, or other health, social care or educational professionals to obtain more information.

You should not ask your own doctor or other medical professionals or social workers to write to us. Our Medical Advisor will contact them if necessary and ask for the information relevant to your application. Our Medical Advisor will not normally see you or examine you.

If your case gives rise to medical issues and has been referred for consideration of Emergency Priority, the recommendation of the Medical Advisor will be taken into account.

The Medical Advisor may recommend Emergency, High or Medium Priority on medical grounds (see 2.5.2, 2.5.3 and 2.5.4 above for the criteria applied). A decision not to award Priority does not mean you do not have any medical needs, but that the Council has assessed your case as not meeting the criteria set out in this policy.

The Medical Advisor can also make specific recommendations about the type of property you need. This can include allowing an extra bedroom (see 3.3.1 below). You will only be assessed as needing a home with a lift, central heating or garden if the Medical Advisor makes this recommendation.

If you are unhappy with the decision reached as a result of the Medical Advisor's recommendation you may ask for a review. The outcome of this second review will be final.

If you have additional medical information not considered in the original decision, or your condition changes, you should ask for a reassessment.

3.1.7. The Emergency Housing Panel

The Panel will only consider cases for transferring tenants of social housing providers in the Lewisham FindYourHome Partnership who need to move in an emergency. The Panel will normally only consider cases which are referred by another agency, including the police, Lewisham's Social Care or Health partners, full Partner Landlords, the Multi Agency Risk Assessment Conference (MARAC), the Multi Agency Public Protection Arrangement (MAPPA), the National Witness Protection Scheme, or other welfare organisations.

Other agencies referring a case must make a referral, provide supporting documentation and be available to answer queries. Referring agencies should attend a meeting if there is one or participate in telephone or email conferencing. You will not be able to attend the meeting or participate on telephone or email conferencing yourself. The Panel will take account of recommendations from partners including other panels such as Multi Agency Public Protection Agreement (MAPPA) or Multi Agency Risk Assessment Conference (MARAC) but does not have to accept the recommendations of such panels.

If you think you may have an emergency need to move, you should contact our Housing Officer. If you are a tenant, you should talk to your landlord first. You should seek help with the difficulties you are experiencing from a suitable agency – police, social services or a specialist welfare agency, depending on the situation.

To be considered for an award of Emergency Priority on medical or welfare grounds, you will need a referral from an agency, which gives evidence of your needs, and shows clearly why you should be considered on an emergency basis.

The Emergency Housing Panel will authorise an offer for a property with the same number of bedrooms as those in your accommodation at the time you approached the Panel.

3.1.8. How to bid

1. Look on the [FindYourHome](#) website, choose a property that you are eligible for and is suitable for you, then bid for the property.
2. Each advert will give details about the properties available, the landlord, the weekly rent, the property's features and whom it is most suitable for. There will be a photograph of the property, where we have one. However, the photograph may not be of the actual property but a similar property in the street or block.
3. You need to make your bid for a property by 11:59pm on Sunday.
4. You can ask a friend or relative or any other helper to make bids on your behalf that you're eligible for. Your helper will require your name, date of birth and Housing Register number and the property reference number for the home you wish to request.
5. If you are an elderly and/or vulnerable applicant living in the private rented sector who might be digitally challenged, you can access help from the

FindYourHome Support Officer. To check if you are eligible for assistance please call 0808 178 0939.

6. During a bidding cycle, case officers may submit a “management bid” for a property on your behalf at their discretion.
7. We send the details of the shortlisted applicants to the landlord of the property in order for them to make the final decision, in line with the landlord’s lettings policy, on who can view the property.
8. If you’re shortlisted, you may be asked to attend an interview and/or view the property. You must bring your supporting documents to this appointment – we will tell you what supporting documents to bring. Up to three people may view the property, so even if you view a property you may not be successful if someone with higher priority or an earlier application date accepts it.
9. If you are the successful applicant, the landlord will contact you to offer you the property. The successful applicant will not be able to continue bidding for other properties.
10. If you are shortlisted and in position two and three on the shortlist, you will be eligible to bid for another property the following week.
11. As per the “Two Offer Rule”, some applicants have the right to refuse a property, whether or not they have refused offers before (see the summary of bands at section 2.5.1). In some circumstances you’ll have the chance to apply for another property the following week.
12. We encourage you to accept the property that you view. This is because of the long waiting times for successfully bidding for another property.
13. Bidding each week will maximise your chances of successfully being allocated a property. If you do not bid frequently, you will have to wait considerably longer.

You can apply to the Housing Register whilst you are in prison. Your date of application will be the date you apply, but you cannot bid for properties until your release. You are not guaranteed a property on release and you should seek advice from housing officer prior to your release.

For some categories of people, we may take extra steps to ensure they are rehoused, even if they do not bid for themselves. We may bid on their behalf for properties suitable to meet their needs: see our One Offer Policy at section 2.2.3 above.

3.1.9. Auto-bidding

Auto-bidding is when the Council’s housing system automatically places bids on suitable properties on behalf of eligible applicants. This function is designed to support people who are vulnerable, digitally excluded, or unable to engage regularly with the bidding process for other reasons- helping to ensure they don’t miss out on suitable housing.

You may be eligible for auto-bidding if your circumstances meet the Council’s criteria. If so, the system may place bids for you on any property that meets your bedroom needs and any medical recommendations.

Whether you place a bid yourself or the system bids for you automatically, if your bid is successful - or if you are made a direct offer (see section 3.4.4) - you will receive either one or two suitable property offers. This depends on whether you are eligible for one offer or two under the council’s policy.

Auto-bidding helps make the allocation process fairer by reducing missed opportunities. It ensures eligible applicants are considered for suitable homes based on their needs and preferences, improving both the efficiency and inclusivity of the system.

3.1.10. Clients matched to properties

If you successfully bid for a property, your application will be matched to that property until the offer is made and your application and property details are verified. When you are matched to a property

your application will be suspended and you will not be able to bid for other properties until the outcome of the offer is determined.

3.2. How do we decide which Band your application should go into?

We will assess the relevant circumstances of your case, and place you in the highest band possible, according to our Priority Band criteria at section 2.5.

The Band you are placed in will reflect the highest priority that you or your household qualify for.

In exceptional circumstances, the Head of Housing Needs and Refugee Services may in the exercise of their discretion increase the priority awarded to your application or vary the type of accommodation you may be considered for, based on the exceptional circumstances of your case. They may only do so where this would be in accordance with the objectives and spirit of the Allocation Policy. The Head of Housing Needs and Refugee Services' decision will be final.

3.3. How do we decide which application takes priority?

For each property, we look at which applicants have expressed an interest or "bid". For more about how to bid, see Section 3.1.8.

From those applicants who have expressed an interest, first of all we decide which of those applicants the property is most suitable for, on the basis of property size.

Within the group of applicants for whom the property is suitable on the basis of size, it will be offered first to the applicant in the highest Priority Band. If there is more than one applicant within the same Priority Band, it will be offered first to the applicant within that Band who has been in that Band the longest. If there is more than one applicant who has the same Band Date we will use the application date to decide between them except where there is an applicant with Starred Decant Priority (see 3.3.3 below).

For example, first priority will be awarded to any bidder who has been awarded Band 1 priority. If there is more than one bidder who has Band 1 priority, preference will be given to the applicant who has had Band 1 status for the longest. In the unlikely event that two bidders have the same date for award of Band 1 priority, preference will go to the bidder who has been registered on the Housing Register the longest. If there is no applicant within Band 1, then consideration will be given to applicants in Band 2, then Band 3 etc.

If your circumstances change and you are awarded a higher priority Band, your Band Date will be updated to the date that new priority was given — not your original application date. However, this does not apply if the change is due to a worsening of a medical condition you've already been assessed for.

If your circumstances change and you are given a lower Band, your Band Date will be either:

- the date you were first placed in that lower Band, or
- the date you first entered a higher Band —

whichever is earlier.

If you applied under Part 6 of the Housing Act 1996, and your re-housing reason changes but your Band stays the same, you will keep your original Priority Date.

But if you later apply under Part 7 of the Housing Act 1996 (for example, due to homelessness), this will be treated as a new application and your Priority Date will change — because the re-housing reason is materially different.

If you are applying to join the register from Supported Housing, your application date will be deemed to be the date that you moved into Supported Housing.

Certain properties are advertised with specific criteria attached, as determined by a Local Lettings Plan or Annual Lettings Plan, or because they are offered as specialist accommodation, such as sheltered accommodation, or housing available only to certain groups. This will be made clear on the advertisement. In these cases, priority will be given to applicants meeting the relevant criteria, even if they are in a lower Band than applicants who do not meet the criteria. If there is more than one applicant who meets the criteria for the accommodation, the successful applicant will be selected on the basis of Priority Band and earliest date they entered that Band or application date

Before we offer a property, we check again that you are eligible, not disqualified from the Housing Register and that the property is suitable for your needs.

In limited cases, properties are let directly to applicants without being advertised (see 3.4.4 below).

3.3.1. Property size

You can only bid successfully for accommodation of the right size for your household's needs, in accordance with the criteria set out below. You may only bid for a property with an extra bedroom (i.e. a property with more bedrooms than people who will be living there) if this has been recommended by the Medical Advisors or you are in Emergency Priority Band 1 with under occupation priority. The Council may also permit an exception to be made to the usual size criteria in the case of a Local Lettings Plan or exceptionally based on the decision of the Housing Needs Manager.

Some landlords operate their own lettings policies with regards to property size and type. This means that you may be eligible to bid for certain properties in accordance with this policy, but the landlord may not be able to accept you under their own lettings policy. Where this is the case you will be notified.

If you have a very large household [4 or more bedrooms], we may agree to allow you to bid for properties smaller than you need, because the chances of obtaining a very large property are so small.

How many bedrooms do you need?

In calculating how many bedrooms you need; we will allow you:

- one bedroom or a studio for you and your partner, if you have one
- one bedroom for every two children of the same sex, aged twenty or under
- one bedroom for a child of the opposite sex to another child, if the child is aged over ten one
- one bedroom for any other person aged twenty-one or over, for these purposes referred to as an “adult”

This is known as “the bedroom standard” for determining bedroom requirements.

We will only allow bedrooms for people who are entitled to be on your application as part of your household.

We do not allow an extra bedroom if you are pregnant; you should notify us when the baby is born as this may entitle you to an extra bedroom.

The Medical Advisor may recommend an extra bedroom on medical grounds.

	1 adult or a couple plus								
	1 person	couple	2 adults not living as a couple	1 child or other adult	2 children of the same sex	2 children of opposite sexes aged under 10	2 children of opposite sexes, one or both aged over 10	3 children	4 or more children
Studio flat	X	X							
1 bed	X	X							
2 bed			X	X	X	X			
3 bed							X	X	X
4 or more bedrooms									X

- Studio flats and 1 bed properties are offered to an individual or a couple
- **2 bed properties** are offered to:
 - a couple or lone parent with one child; or
 - with two children of the same sex; or
 - with two children of the opposite sex aged under 10; or
 - two adults not living as a couple, e.g. parent and adult son; or individual and carer
- **3 bed properties** are offered to:
 - a couple or lone parent with 2 children not of the same sex, where one child is over ten years old; or
 - with three children;
 - or with four children under ten years;
 - or any three adults where none are living as a couple
- **4 bedroom properties** are offered to:

- households consisting of a couple or lone parent, with four or five children; or
- 4 adults where no two are living as a couple as set out above
- **5 bedroom properties** are offered to households with a couple or lone parent, with six or seven children. Further bedrooms are offered on the basis of one or two children per bedroom.

You may choose to bid for a property which is smaller than we think you need, but please be aware that some landlords will not let properties to families larger than the size the accommodation is designed for, in which case your bid will not be successful.

Our Medical Advisors can recommend allowing an extra bedroom if in the opinion of the Medical Advisor it is necessary because an adult or child with an illness or disability cannot share a room with their partner or another child they would normally be expected to share with, on medical grounds or because they need extra space in the bedroom for three or more bulky items of special equipment. E.g. wheelchair, hoist or commode.

Homeless cases with an accepted duty under sections 190(2), 193(2) or 195(2) of the Housing Act 1996 or who are occupying temporary accommodation provided or arranged by a local housing authority under section 192(3) of the Housing Act 1996, who need very large properties may make a bid for a property smaller than we assess as suitable for their household's needs. If this property is refused, thereafter they will only be able to bid for properties that we assess as meeting their household's needs (see 3.3.1)

3.3.2. Statutory Overcrowding

The policy primarily uses the bedroom standard as set out in section 3.3.1 for determining the bedroom need of households and for establishing whether households are overcrowded or not and to what extent. However, statutory overcrowding is considered in addition to the bedroom standard. For the purposes of this policy a household is considered to be statutorily overcrowded if they are so defined by sections 324-326 of the Housing Act 1985.

Households who are overcrowded by 2 bedrooms and also statutorily overcrowded will be awarded the priority set out in section 2.5.3 and households who are overcrowded by 1 bedroom who are also statutorily overcrowded will be awarded the priority set out in section 2.5.4.

Households who do not qualify for any higher priority but are overcrowded by 1 bedroom or statutorily overcrowded will be awarded the priority set out in section 2.5.5.

3.3.3. Starred Decant Priority

As an exception to waiting time priority as described in section 3.3 above, where the Head of Housing Needs and Refugee Services is satisfied that there is an urgent management need to move Decants, which is sufficient to override the usual scheme of priority afforded by this policy, he or she may award "Starred Decant Priority" to a particular decant scheme or to a particular phase of a decant scheme within 24 months of the proposed commencement of demolition works. This could include circumstances in which a decant scheme is not proceeding on target and further delay in obtaining vacant possession might prejudice the proposed redevelopment.

Applicants within Band 1 with Starred Decant Priority will be given priority over all other applicants within Band 1. If there is more than one bidder who has Starred Decant Priority, priority will be given to the applicant who has the earliest scheduled demolition date. If two bidders with Starred Decant Priority both have the same scheduled demolition date, priority will be given to the applicant who has had Band 1 Priority status the longest.

3.4. Homes that may be offered first to specific groups of applicants

3.4.1. Specialist accommodation for elderly or disabled persons or other special groups

There are some homes that have been designated for specific groups of people, either because of age, disability or other defined criteria. When this type of vacancy occurs it will be advertised with preference to those who meet the designated criteria. This will be specified in the advert and we will only let the property to a household that meets the designated criteria. If no applicable households bid, we may contact eligible households to identify an applicant who can make the best use of the property.

This includes sheltered housing for the elderly and homes suitable for disabled people. It can also include homes provided by Partner Landlords with a specialist remit, where homes are restricted to certain groups of people who may be disadvantaged or have special needs.

Homes adapted for the Disabled

If you have a disability that affects the type of housing you live in (for example, you have a wheelchair or cannot manage stairs), your application will be assessed by our Medical Advisors, in conjunction with Occupational Therapists where appropriate. We will only offer you a home which meets your needs or can be reasonably adapted to meet your needs.

When a disabled adapted home (or one considered suitable for adaptation) is advertised, it will be clearly identified as such. The shortlist of bidders who meet the criteria will be passed to the Community Occupational Therapist, who will check whether the property meets the needs of the highest ranked bidder.

Homes on the ground floor or with gardens which are not suitable for adaptation to full wheelchair standards

There is a large demand for homes on the ground floor, with gardens or on lower floor levels. This type of accommodation will be offered to households who the Medical Advisors (in consultation with the Occupational Therapists where necessary) have recommended should live on the ground floor or in a property with a garden. This will be indicated on the advert.

3.4.2. Allocation of Houses

Houses with up to three bedrooms will be offered to families with children under 11 years of age, or applicants who have Emergency Priority on the grounds of under occupation where they are already living in a house. Houses with four or more

bedrooms will not be subject to this rule given the relatively small numbers of flats with four or more bedrooms in the social housing stock.

3.4.3. Local/ Annual Lettings Plans

Where we consider that there is an overriding need to respond to local conditions, we may operate a Local Lettings Plan. If a property is advertised under a Local Lettings Plan, this will be stated on the advert for a property and the property will be advertised for applicants satisfying stated criteria.

For example, we may give priority to people who live or previously lived in a regeneration area and have or had to move for the regeneration to take place, either to give them a “right to return” to the area or to give them enhanced priority for an allocation elsewhere. The equalities impact of any Local Lettings Plan will be considered prior to the Council agreeing to it. Local Lettings Plans will be agreed by the Director of Housing Services.

We may use an Annual Lettings Plan if there are particularly pressing demands for housing in a specific year. This will be presented to Mayor and Cabinet for approval.

3.4.4. Direct Lets

Not all properties that become available will be advertised and offered through the choice-based lettings system (CBL). In exceptional circumstances, outside of the band and date order, the Council might offer direct lets. Specifically, this would be where there are urgent operational or financial reasons to depart from the CBL system of lettings.

This only applies to:

- A person to whom the Council owes the main housing duty in section 193 of the Housing Act 1996, who is occupying temporary accommodation secured by the Council under that duty and the temporary accommodation is suitable for the person and their household’s needs. In such a case the Council may make a direct offer of a permanent tenancy of the temporary accommodation.
- The Council may make a direct nomination of a person who has a need for supported accommodation to a Partner Landlord for specific supported accommodation. A person may be eligible for such a direct offer if assessed as having significant support needs in relation to the maintenance of their tenancy.
- Applicants leaving supported accommodation.
- Young people leaving care.
- Senior officers may decide that a specific property should be matched directly to an applicant due to their exceptional needs and/or the exceptional urgency of their case.

3.4.5. Chain Lettings

Chain Lettings is a way for us to use a vacant property as part of a chain, in the same way as estate agents do in the private owner-occupying sector. Each year, we may set a target for the number of homes to be let to existing Council and Partner Landlord tenants and other priority groups. Wherever possible, these lets will be part of a chain of moves and may include mutual exchanges. In order for chain lettings to work, it

may be necessary for us to identify useful vacant properties and withdraw them from being advertised. Discretion has been given to senior officers to decide when properties can be removed from the overall lettings scheme to make chains work so helping more people to move.

3.4.6. Smart Lettings

The Council will ring-fence up to twenty per cent of all properties that become available through Find Your Home during a year. These will be available for transferring tenants. The properties that are vacated by the transferring tenant will then be ring-fenced for a household in temporary accommodation, or a household that is ready for move-on from supported housing. This approach is called "Smart lettings".

4. Downsizing in case of under-occupation

If you are living in a social housing property that is larger than your current needs, support is available through the Trading Places scheme to help you move into a smaller, more manageable home. This situation, known as under-occupation, may make you eligible for assistance. Under-occupiers are given Band 1 priority and also offered a financial incentive package. Trading Places also provides practical support with property viewings and the moving process, as well as help with registering on Lewisham FindYourHome and guidance on bidding for suitable properties.
